From the design of our living spaces to the design of our nation, our constitution and our body of laws are we aware of the schools of thought and interventions that shaped our present reality? DSCAAD's FIRST EVER Kerala Architecture Festival SPACES, shed light on the context and the nature of design and the aesthetic sense we have culminated towards each other as communal and social beings. The first edition of Kerala Architecture Festival, SPACES was held over five days from 28th August to 1st September 2019 at Kanakakkunnu Palace Trivandrum. The event was inaugurated by the Hon. Chief Minister Sri Pinarayi Vijayan on 29th August. Distinguished personalities, practitioners and students from architecture, design, art, and various related disciplines participated in the event.

Kuriakose Elias College Mannanam offers an array of Under Graduate, Post Graduate & Research programmes affiliated to Mahatma Gandhi University with clearly defined programme and course outcomes.

The institution proffers 15 Under Graduate Programmes- BA Economics, BA English, BA History, BSc. Botany, BSc. Mathematics, BSc. Chemistry, BSc. Physics, BSc. Psychology, BSc. Zoology, B. Com Computer Applications under the Aided Stream and B. Com Computer Applications, B. Com Finance and Tax, B Sc. Computer Applications, B Sc Physics with Applied Electronics, B Sc Psychology in the Self-financing stream. The UG programmes extends over six semesters and can be completed in three years.

	The college also provides 11 Post-Graduate Programmes- MSc Chemistry, MSc Physics, MSc. Psychology, MSc. Statistics (Applied), MA Economics, M. Com under Aided stream and M Sc. Botany, M Sc. Mathematics, MA English, M. Com. Finance and MSW in Self-Financing stream. All the programmes spans across four semesters and can be finished in two years. Furthermore, institution has 3 Research centres under the aegis of the Departments of Chemistry, Physics and Economics where students engage in effectual research activities as a part of their PhD programmes. Under Graduate students are also encouraged to take a certificate, diploma or add-on programmes in each year in conjunction with their regular academic programme. The wards are to take at least one from among the nine UGC sponsored NSQF courses in their first year. The NSQF courses offered by the college include Diploma Courses in Bee Keeping, Computer Hardware and Networking, Herbal Chemistry and Technology; Certificate Courses in Yoga and Wellness, Food Processing and Technology, Web Designing, Organic Farming, Communication Skills in English and Visual Media and Communication. In the second and third years they are to take any Certificate course offered by their concerned departments. The assortment of courses subsume Courses in Hand Soldering and Circuit Making, An Introduction to the Advanced Areas of Physics, Decorative Art, Mushroom Cultivation, Horticulture and Nursery Management etc. Moreover, Kuriakose Elias College is also a recognized MHRD-NPTEL(National Programme on Technology Enhanced Learning) Local Chapter which encourages its students to take up courses from among the various NPTEL Courses offered. All these programmes, with its value-based learning, promote integral development of the learners and equip the students to face the challenges of the contemporary times.

"FUTURE PROSPECTS IN BOTANY AND BIOTECHNOLOGY"

CHIEF GUEST & INVITED SPEAKER

Ms. ANITA JOY
Asst. Professor (on contract), St Thomas College, Pala

DATE: 29 NOVEMBER 2021, 10.30 a.m
VENUE: MAR MATHEW POTHANAMUZHI HALL

Dear Sir/ madam,

Biology is a fast expanding field and pursuing a career in biology can be immensely rewarding and exciting, but challenging too. Today's educational system opens the doors of knowledge to students in interdisciplinary areas with special emphasis to create a scientific research outlook. However, to reach their dream careers students need to train themselves towards it by finding the right place for their future education and understanding the various possibilities they can exploit. It is in this context that a proper orientation for the future prospects becomes important.

We, the Department of Botany and Biotechnology, Newman College, Thodupuzha is organizing **Biovibes-2021, an Orientation Programme** on Career Prospects in Botany and Biotechnology, supported by DBT Star College Scheme to give awareness to our students about the varied career opportunities and recent advances in the field of Botany and Biotechnology.

The occasion is also the platform for our **Merit Day Celebration- our pride moment** to congratulate our student's meritorious achievements in University exam which will inspire other students walking through the same path.

OUR INVITED SPEAKER

Anita Joy, Asst Professor, St Thomas Pala is a charismatic orator and passionate teacher who instills hope and radiance in students. She was an outstanding student during her college days both in academics and in extra curricular activities. As an honour and encouragement to her enthusiasm she was awarded the coveted Luminary award from SB college changamacherry. She is arduous in widening her horizons of knowledge and is also a certified counselling psychologist.

About the Conference

International Conference on Recent Trends in Hybrid materials aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Hybrid Materials and Structures. The properties of the hybrid materials are not just the result of the individual contributions of their components, but also from the strong synergy produced by a hybrid interface. The nature of the inorganic interface, including the surface energy, the types of interactions present, and the existence of labile bonds, shows a strong role in controlling a wide range of properties. The conference provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Hybrid Materials and Structures.

About the Department

The DST-FIST, MHRD-RUSA and KSCSTE-SARD supported post graduate and Centre for Research Department of Chemistry at Newman College, Thodupuzha is a potential centre of learning in chemical sciences. As a Department, it was started in the year 1967. The Department give importance to both academic teaching and research as well. The Chemistry Department enjoys financial assistance from government agencies including UGC, DST, DBT, SERB, KSCSTE, DoECC and SRIBS and build dedicated research laboratories with advance instrumental facilities like IR, UV-Vis DRS with Peltier, Fluorescence spectrometer, Electrochemical work-station etc. Credibility as a potential centre for chemical science research is evident from the number of publications from the department. Approximately 100 research publications came out from the Department during the last 10 years. Major research focuses include amphiphilic biopolymers and eco-design of materials, sustainable and clean energy materials.

Dear Sir/Madam,

Department of Chemistry, Newman College, Thodupuzha is organizing Prof. V. A. Mathew memorial lecture on 29th may 2021 at 04.00 pm on online platform. The lecture will be delivered by Dr. Tharamani (Associate Professor in the Department of Chemistry at Indian Institute of Technology (IIT), Ropar). We, the Principal, staff members and students of the college invite you to make event a grand success.

Dr. Bejoy Thomas Co ordinator	Prof. Biju Peter H.o.D	Dr. Thomson Joseph Principal

Prof. V. A. Mathew

Prof. Vattakkunnel Abraham Mathew, the first head of the Department of Chemistry, Newman College, Thodupuzha, was one of the pioneers in Chemistry who initiated the overall development of the institution. He virtually carried the department during its early childhood days with great courage and enthusiasm. Widely acknowledged for his expertise in Chemistry, humanitarian considerations and able administration, he laid a very strong foundation for the chemistry department at Newman College.

Prof. V. A. Mathew completed his Bachelor's from S. H. College, Thevara and moved to Sagar University, Rewa, Madhya Pradesh for his Master's in Chemistry. He joined as a Lecturer in Chemistry at Nirmala College, Muvattupuzha in 1958 and moved to Chemistry Department at Newman College as the first HoD in 1965 and continued until 1979. In 1979, he was back to Nirmala College and remained there until retirement in 1988. He was called to his heavenly life in 1988 leaving a void that no one can just fill.

Dr. Tharamani C.N

Dr. Tharamani is an Associate Professor in the Department of Chemistry at Indian Institute of Technology (IIT) Ropar. She holds a PhD degree from Bangalore University. Prior joining IIT Ropar, she spent five years in Germany as senior scientist and postdoctoral fellow at Ruhr University Bochum and a year at University of Saskatchewan, Canada. She has also been a recipient of several prestigious fellowships like Alexander von Humboldt Postdoctoral Fellowship and Ramanujan Fellowship by Department of Science and Technology, Govt. of India.

Her research interests includes design and development of various carbonaceous materials, nanomaterials, molecular catalyst towards energy conversion and storage. In-depth fundamental analysis of the newly designed electrocatalysts towards fuel cells and batteries by various electrochemical, spectroscopic, microscopic and scanning probe techniques (SECM). Her scientific output resulted in sixty two publications, and three patents at international refereed journal like, Chemistry of Materials, Journal of Materials Chemistry A, Analytical Chemistry, Journal of Physical Chemistry C, ACS Applied Material and Interface, Chemical Communications, ChemSusChem etc

Dear Sir/Madam,

Department of Chemistry, Newman College, Thodupuzha is organizing a webinar on 28th may 2021 at 05.00 pm on **"Bridging the Language Gap for a Better Career"**. The lecture will be delivered by **Dr. Hima Elizabeth Mathew**. We, the Principal, staff members and students of the college invite you to make the event a grand success.

Ms. Sona John Co ordinator	Prof. Biju Peter H.o.D	Dr. Thomson Joseph Principal

Although linguistic diversity can make life interesting, there are times when we need help to communicate across accent and language barriers, from learning proper name pronunciation to understanding reports. Because diverse workplaces are rapidly becoming necessity, it is likely that at some point you will find yourself working with less fluency in English becoming difficult . This can be frustrating, but there is much you can do to bridge the gap

Dr. Hima Elizabeth Mathew is a Researcher by profession and has completed her PhD in Organisational Behaviour from IIT Madras. She did her graduation in Psychology from Christ University Bangalore, and Masters in Human Resource Management from Rajagiri Centre for Business Studies, Kakkanad. She worked as Senior Executive HR at Future Value Retail limited and is currently working as IELTS trainer at Dreams IELTS training centre at Thodupuzha..

About the Conference

Dear Sir / Madam,

Greetings from Newman College Thodupuzha..

It gives us immense pleasure to announce that the Post Graduate Department of Economics, Newman College Thodupuzha is organizing a Three Day National Conference on 'Kerala Economy at the Crossroads' from 23 September 2021 to 25 September 2021.

The economy of the state of Kerala has been adversely affected by a combination of natural and policy created factors and issues such as rising debt to GSDP, natural disasters, wide spread pandemic, fiscal and monetary paralysis, elusive demographic dividend, rising poverty and educated unemployment, steep fall in the prices of commercial crops and rising prices of essential commodities. Meanwhile, there are certain issues on the sustainability of the kind of social development achieved and the imperative of all round development pattern of Kerala. So Kerala is at the crossroads where it needs better planning and social oversights.

It is in this backdrop, we are organizing a Three Day National Conference on 'Kerala Economy at the Crossroads'. We solicit your esteemed presence in the programme.

World Environment Day is the United Nations day for encouraging worldwide awareness and action to protect our environment. The Focal Theme of World Environment Day-2021 is "Ecosystem Restoration", and it aims to prevent, halt and reverse the degradation of ecosystems on every continent and in every ocean.
Dr. Anu Gopinath, M. Sc.,Ph.D., is an Assistant Professor in Chemical Oceanography, at Department of Aquatic Environment Management, KUFOS, Kochi. When Dr. Anu enrolled for Master's course in Hydrochemistry at CUSAT — in 1996, she didn't think that oceans would become a part of her life henceforth.
Years later, she has experienced the mysteries and marvels of the coral reefs of Lakshadweep, the sub-zero temperatures of the Arctic sea and the waters off the coast of Kochi. Her love for oceans has grown over seven years of active involvement with the waters. She has worked under the renowned marine chemist Eric Achterberg at National Oceanography Centre, Southampton, and has also worked as a Commonwealth Fellow. Dr. Anu has to her credit authorship of several books in chemistry.

Mar Mathew Pothanamuzhi
(1903 - 1982)

H.E. Mar Mathew Pothanamuzhi is the first Bishop of the Diocese of Kothamangalam. He was born on 22 December 1903 at Nadukara, near Vazhakulam. After his schooling, he joined the minor seminary of the Arch Diocese of Ernakulam. On 2 October 1932, he was ordained a priest at Kandy in Srilanka. Before he was installed as Bishop of the newly erected Eparchy of Kothamangalam, he held high profile positions in the Church hierarchy such as Seminary Rector, Professor, Vicar General etc.

As the first prelate of the diocese he had made yeoman service to the society, especially in the field of education. He laid emphasis not only on school education but also on higher education by establishing Newman College at Thodupuzha in 1964. His educational vision and mission made the diocese the largest educational agency in the State. Thus, he lighted the lamp of knowledge to the marginalized sections of the society who were residing in the far flung areas of higher and lower ranges of Idukki and Ernakulam Districts. Therefore, Newman College extends its due respect to its founding father in the form of a lecture series with the financial support of Rev. Dr. Thomas Pothanamuzhi, former Principal, St. Aloysius College, Edathua.

About The Webinar

Dear Sir /Madam,

Greetings from Newman College, Thodupuzha.

It gives us immense pleasure to invite you to the National Level Webinar on 'New Education Policy 2020- Prospects and Challenges' organised by Postgraduate Department of Commerce, Newman College on 28 September 2021.

NEP-2020, which will replace the National Policy on Education 1986, is an inclusive framework focusing on the elementary level of education to higher education in the country and aims to transform India's education system by 2040. The NEP 2020 enacts numerous changes in India's education policy including higher education. The future of higher education is individual learning, customised consumption and smaller learning space where students can learn in a fluid environment. The teacher student relationship will face a dynamic change when flipped class room become a norm rather than an option. In this backdrop we are organising a national webinar to get a deeper understanding and practical orientation on NEP 2020. We solicit your esteemed presence.

About the programme

The United Nations General Assembly designated September 16 as the International Day for the Preservation of the Ozone Layer. World Ozone Day is observed every year to spread awareness among people about the depletion of the Ozone Layer and find solutions for its recovery.

On this occasion Newman College, Thodupuzha and St.Teresa's College (Autonomous), Ernakulam are jointly organizing the webinar 'Ozone Layer: Science, Protection & Protocols'. This webinar focuses to make each and every one of us aware of the significance of the Ozone layer, the necessity for conserving it and how we can prevent its depletion.

We cordially invite all of you to this webinar and make use of it.

Mar George Punnakkottil
(1936 -)

A shepherd unto the heart of the Lord, a leader and a visionary who dared to walk ahead of his times, a renowned Bible scholar who has reserved a space for himself in international forums, a man in search of excellence, both in spiritual and temporal matters, and a devotee of truth and wisdom – Mar George Punnakkottil was born on 13 September 1936 at Nakapuzha. After schooling, he joined the Minor Seminary in Ernakulam in 1953. He was ordained on 18 October 1961 in Rome. He holds a doctorate in Biblical Theology from Gregorian University, Rome and a post-doctorate from the Union Theological Seminary, New York. He has also secured a Master's Degree in International Relations from Vanderbilt University, Nashville, USA. He was ordained Bishop of Kothamangalam on 24 April 1977 while serving as Vice-Rector at St. Thomas Apostolic Seminary, Vadavathoor.

The diocese of Kothamangalam was only 20 years old when divine providence appointed Mar Punnakkottil as its second shepherd. Over the last 36 years, he has ignited the minds of thousands and realized most of his cherished dreams, especially in the field of education, spiritual invigoration, and economic and educational empowerment of the poor and the oppressed.

His Excellency has been the patron and guiding star of Newman College for more than three decades. Under his paternal wings, Newman has made giant strides and in 2007, the National Assessment and Accreditation Council acknowledged it by placing Newman at 'A' grade. It is with immense pleasure and gratitude that Newman College announces "Mar George Punnakkottil Sacerdotal Golden Jubilee Memorial Lecture," instituted to cherish the fond memories of our beloved patron and to transmit to posterity the unique academic culture that he has bequeathed to us.

AÄPHNHC§Ä

St Joseph College of Teacher Education for Women has played a pivotal role in forming prospective teachers in meeting the global challenges. The college not only pursue academic excellence but also motivates and empowers the students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society,.

The pandemic situation brought a lot of innovations and added impetus to digitalization especially in the education sector. Thanks to the technological innovations that has helped us to feel a lot more closer inspiteof **social distancing and has helped us to discharge our duties and responsibilities without much of a lag .**

Schedule of activities

The academic year 2020-2021 began in the on line mode on June1st. The B Ed Programme was charted out to have a proper blend of academic pursuits and co-curricular activities to harness the student's energy in creative pursuits in a harmonious way. Covid 19 did not dampen our spirits, there were a host of seminars, workshops and invited lectures as are a routine feature of the St Joseph College of Teacher Education for Women. Students were provided with a platform to think, express, and exhibit their skills even online. Celebration and commemoration of important days were done online and the students of each optional were entrusted with organization of these programmes. Value Education Classes and workshop to enhance ICT skills were organized in a monthly basis for the second year B Ed. Students. Non residential Community Living Camp, Arts Day and Sports Day were also organized.

II. **School experience and Dissertation work** The school Internship programme of the second year B. Ed students was in the online mode from 21st August 2020 and to 20th January 2021. In order to overcome the deficiency of online internship programme the B.Ed students were given practice in peer tutoring and were asked to have their lessons video recorded. Thus their ICT skills were horned . I take this opportunity to thank the heads of these institutions for their constant support.

As part of the M. Ed programme, the M.Ed. students had their Internship in St Joseph TTI , and in the B.Ed section of this institution. As part of the thesis work, they received the help of schools and libraries and let me place on record, our gratitude to the authorities of these TTI's , schools and libraries, for their co-operation and timely help.

Workshop on Theatre Arts

A One-day Workshop on Theatre Arts titled 'The Pedagogic Theatre' was held on 6th March 2021. Dr. Rose Ligia V. M., Asst. Professor in Theatre Arts (part-time), SJTC, Mannanam was the resource person. Dr. Jisha Baby was the Co-ordinator of the programme. The workshop gave importance to Script writing, Stage performance and Report writing.

Personality Development of Student-teachers

The integrated development of an individual is effected by imparting knowledge and skills and by moulding the personality by the teacher. Hence, teacher personality becomes crucial in the education and development of children.

In order to transform our student teachers as mature, integrated and resourceful persons, programmes like self-introduction, class-wise cultural activities, debates, seminars, webinars, celebration of festivals and events, observation of national days and events, arts day, sports, games and extension activities were organized in the college.

Sports Day

The 64th Annual Sports Meet was held at K.E. College Ground, Mannanam on 12th March 2021. Dr. Biju Thomas, Syndicate member, Mahatma Gandhi University inaugurated the Meet. Students grouped into four houses namely, Blue, White, Green and Red, participated in the various sports and games events with true sportsman spirit. White house got the overall championship. Mr. Tony Mathew won the individual championship among men and Ms. AnittaSiby won the individual championship among women.

Arts Fest

The various club activities of academic year 2020-21 were inaugurated by Dr. B. Keralavarma, Syndicate Member, Mahatma Gandhi University, Kottayam on 29th march 2020. The Cultural Club of the college organized the Arts Fest with the title 'SAARANG 2K21' on 29th March 2021 with competitions in various arts and literary events. The students from various optional groups actively participated in the competitions and English optional won the overall championship. Ms. Sruthi Acca John and Ms. Anju Suresh shared the title of 'Kalathilakom' and Mr. Geone Philip won the title of 'Kalaprathibha'. Ms. Sruthy P.S. won the title of 'Sargaprathibha' for the literary competitions.

Upanayana

Upanayana ceremony of the batch 2020-21 was held on 17th December 2021 as an online programme. College Manager Rev. Fr. Mathews Chakkalakal CMI inaugurated the function. It was organized as a prayerful event, symbolically representing the lighting of the lamp of wisdom and initiation of the new members into the Josephite family.

Value Education

As we are conscious of the significance of moral and spiritual growth of our students, we have arranged special programmes to promote the spiritual development of our students. Students are also required to prepare value education lesson plans and take value education classes during their practice teaching period. A secular prayer room is furnished for solitary prayers for all our students irrespective of their religion.

Social Extension Activities

The vision of the institution is 'to nurture teachers who are globally competent, who shall promote democratic and spiritual values to create a just and humane society'. In keeping with its vision, the teacher education process in the institution is never complete without its social extension activities. Social Extension Cell of the college took initiative to provide opportunities for students of the institution to experience selfless social service.

On March 8th 2019, B.Ed. 2020-22 batch of St. Joseph's Training College in association with 'NadhiSamrakshan Samithi, Mannanam" initiated the 'Cleaning of Chavara Kadavu' under the leadership of union advisor Fr. Dr. SibichenKalarickal. The theme selected for the programme was 'Rivers are Ours'. Our alumni Ms. Mekhala Joseph, Member, Ettumanoor Block Panchayath inaugurated the programme and Sri. Biju Valiyamala, President, Athirampuzha Grama Panchayath addressed

the gathering.

What is Ozone?
Ozone, a pungent gas with a slightly bluish hue, is composed of O3 atoms, and nearly 90 per cent of naturally occurring ozone is found in the stratosphere. This stratospheric ozone is commonly called the ozone layer. The ozone layer is a fragile shield of gas, which helps preserve life on Earth by protecting the planet from harmful UV radiations of the Sun.

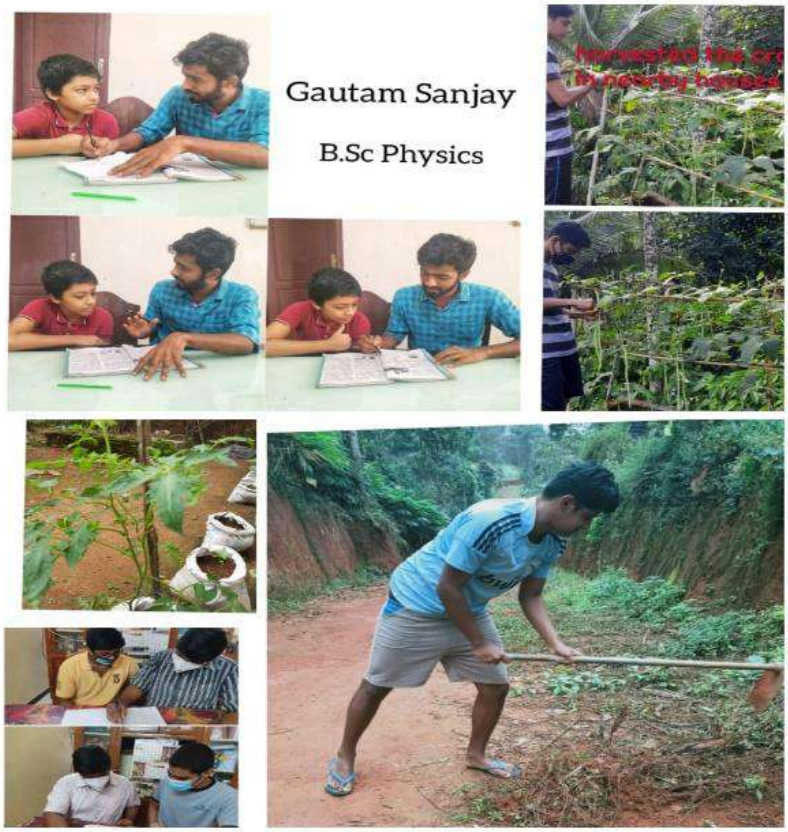
Intensive Social Action Projects Launched by SB College NSS Unit: Udaan & Sahyog

UDAAN

NSS unit of SB College initiated an intensive social action individual project named 'UDAAN' for the academic year 2020-2021. In this project, each volunteer independently takes up an activity in their neighbourhood. They will identify a person/family or a problem were the continuous intervention by NSS

volunteer will bring improvement. In the beginning, the volunteers identified their area of activity and reported it to program officers. After obtaining approval from program officers, they initiated their work and they are working on their udaan activities by following the covid protocols. The activities included taking free tuition, online learning assistance to school students, making improvements in livelihoods, support to people with disabilities, cleaning and beautification of public places, vegetable farming etc.



(Udaan activities done by the volunteers)

SAHYOG

NSS unit of SB College initiated another intensive social action team project named ‘SAHYOG’ forthe academic year 2020-21. Volunteers were grouped into seven Sahyog groupscled by coordinators, convenors & joint conveners under the supervision of the Programme Officers. Each Sahyog is actively planning and implementing innovative activities as part of their projects.

Sahyog - Dhyuthi

The main aim of this project is to familiarise the society with the procedures of various activities which would be beneficial for them in their daily life. The group has selected social media platforms like Instagram and Facebook to achieve the desired result. The information which would be provided in the group's social media page is collected from the e - District website. All the members of the group were given equal amount of data to be collected from the website and these data were verified by the members of the group by enquiring about them in Akshaya centres, Panchayath offices, the website of NVSP etc. As of now, the first phase of the project "SEVAN" has been successfully completed.

Sahyog - Sanaatan

Sahyog, Sanataan aims at promoting agricultural cultivation and all the members are working for it. We collected the seeds of vegetables and planted it in the nearby houses and are maintaining them. The neighbours in the nearby houses are giving great responses.

Sahyog - Sankalp

The third group, conceived as part of Sahyog activity collected seeds, germinated them, planted them in nearby houses, and then maintained them every day.

Sahyog - Dilaab

As part of the second phase of this year's collaborative work of the SB NSS unit, the fourth group, Dilab's selected activity, is entirely focused on the elderly.They are generally more likely to suffer from psychological distress as they are the most vulnerable group to the Covid epidemic that is spreading across the country. In that way, the members of the Dilab group volunteered to come directly to their problems and help them a little.All volunteers in the group spoke directly to the elderly in and around their homes, in compliance with all Covid standards.

Sahyog - Agnimitra

Through the project they aim to reduce plastic waste in and reduce pollution. In the project, twice in a month they have collected plastics from nearby areas and take the collected plastics to the plastic collection centres at last. As part of this, sahyog has started their second stage by collecting plastic wastes from around 10 houses.

Sahyog - Deenabandhu

Second stage of elderly care program constituted an intimate relationship betsween new generation and old generation. Members of the group took initiative to spend their valuable time with their grandparents by hearing them. They are satisfied with our works and gave great responses.

Sahyog - Ektha

Sahyog EKTA aims to give tuition free of cost to the children in their own locality and was named as ABHYUDAY. As it is a tough time for students who attend the online classes because of the pandemic, there is a question mark before each student if they are understanding the subject or attending the class daily.So we came up with the solution that each member can take free classes like tuition for students with in your locality by obeying the covid protocols.Thereafter our members tried to contact children in their own locality. As were we planned our group members taught the children of our own locality in their free time. Members took classes for children on various subjects.As per the children's opinions they are completely satisfied in the

teaching programme and gave their reviews about the classes.So the task is a complete success and we decided to continue the teaching since it will be very helpful for children in this pandemic situation.

Certificate of Appreciation

We express our heartfelt gratitude to

Sr. Jeslin SABS

for the valuable contribution by donating her hair towards the noble venture of helping the cancer patients.

We humbly acknowledge this enormous charitable deed.

Inspired by the vision of St. Kuriakose Elias Chavara, we at Sargakshetra, strive to bring about a credible change in the socio - cultural and educational fields of our society

The influence of concentration of added Hg2+ion on the thermal diffusivity value of the Rhodamine6G-AuNP mixture measured using the dual-beam TL technique unambiguously demonstrates that the Hg2+ion alters the thermal diffusivity value for lower concentrations and above which it has little influence on the thermal diffusivity value. The corresponding optical studies carried out using UV-Vis spectral studies clearly indicate the plasmonic spectrum of the MNPs in the mixture altered in terms of peak wavelength and shape of the spectrum. Furthermore, the steady-state fluorescence measured using laser-based fluorescence setup agrees well with the thermal studies and follows an inverse relation. The influence of metals on the thermal and optical properties was confirmed further by adding 1 nM of monovalent and divalent materials and found that divalent metals are more efficient than monovalent metals in tailoring the thermal and optical properties. The present study indicates that the thermal parameters are also critical while employing for photonics or sensing applications. <u>ankv Znbm ^nen,vp C¡-tWm-anlvkv hn`mKwp3</u> ✓ Paradigm shift in online teaching – Book name ISBN 978-81-951230-4-9 Chapter-31 An analysis of online education in India ✓ "High Petrolium Fuel prices heating Indian Economy, family budget" at policy circle forum. ✓ "Climate change: Kerala must invest in Mitigation plants: - policy circle forum. <u>tUmlvSÀ eo\ amXyp -3</u> a) Two decades of RIDF in Kerala: A critical analysis of credit Flow KALA Journal of Indian art History congress july 2020,ISSN: 0975-7945. b)See food processing industries in kerala: A case study of Ernakulam district ANVESAK UGC Core group I Journal Jan- June-2021,ISSN:0378-4568 c) A study on private Health Insurance and it's a pattern of coverage in kerala- Journal of Education Rabindra Bharati University Aug 2021, ISSN No.0792-7175

programme details

Sahodaran Ayyappan Smaraka SNDP Yogam College, founded in 1995 is one of the fast-growing HEIs in the village of Konni, the most backward quarter of Pathanamthitta District. This sanctum sanctorum of learning was the first of its kind in the hilly and forest terrain. Since the inception, the opportunities it threw open to this educationally backward sphere have been inestimable... This centre of learning chises ahead steadily with active participation in the domains of arts, culture, sports and games. - from the preamble

Report of the webinar

Infectious diseases have emerged as major threats to human existence since centuries and can devastate entire population.Viruses play a primary role as etiological agents of pandemics worldwide. At present, the newly identified SARS-CoV-2 has caused a large number of deaths and positive cases worldwide, posing a serious threat to public health. For a better understanding of virus associated diseases and its severity, the Department of Botany, Nirmala College, Muvattupuzha organized a **webinar** on '***Virus and its pandemic potential***'on 19/05/2021 at 10.30 am. The main objective of this webinar was to analyze the characteristics inherent to viruses accountable for their pandemic potential. **Dr. Anju T. R**. Head, Department of Biotechnology, Newman College, Thodupuzha was the resource person. By means of a systematic explanation the resource person covered different characteristics that give Virus its pandemic potential including the structure of the virus, replication, mode of transmission, molecular and biochemical features. The session also covered the basic properties of Corona virus and the associated Covid - 19 pandemic. This was followed by an interactive session where the students clarified their doubts related to corona virus. The epidemiology of COVID-19 provides a better understanding about the pattern of disease growth and spread. The session emphasized the role of students in disseminating effective awareness among the public in developing positive attitudes toward adopting preventive measures such as social distancing and sanitization. Around 70 students participated in the event. The webinar concluded with vote of thanks to Dr. Anju T. R. and to the participants by Dhivya S. Student representative.

2) **Webinar on Eco restoration a path to sustainable development**

As part of the world Environment Day Observance 2021, to raise awareness among students to take positive environmental action to protect mother nature and the planet earth, Department of Botany, Nirmala College, organized a webinar on 07/06/2021 at 10. 30 am. The event was conducted successfully with whole hearted participation and support of Department of Botany St. Xavier's College,Aluva. The theme of the webinar was same as that of the theme for World Environment Day 2021-Ecosystem Restoration. **Dr. Sylas V. P**. Assistant Professor, School of Environmental Sciences, Mahatma Gandhi University, Kottayam, was the resource person. Dr. Shibin Mohanan, Asst. Prof. Dept. of Botany, Nirmala College welcomed the gathering and introduced the resource person. Dr. Anila N. Head, Dept. of Botany St. Xavier's College Aluva and Ms. Sindhu Rachel Joy Head, Dept. of Botany, Nirmala College felicitated the gathering. The resource person, in his keynote address, pointed out that ecosystem restoration is one of the most important ways of delivering nature-based solutions for food insecurity, climate change mitigation and adaptation, and biodiversity loss. He added that ecosystems support life on Earth. The healthier our ecosystems are, the healthier the planet and its people. The UN Decade on Ecosystem

Restoration aims to prevent, halt and reverse the degradation of ecosystems on every continent and in every ocean. It will only succeed if everyone plays a part. He further explained the basics of the structure, components and functions of different types of ecosystems. At the end of the session students clarified their doubts and expressed their positive feed backs about the systematic and simple presentation of the topic. Ms. Devinandana Das, Third year BSc. Botany student, Nirmala College delivered the vote of thanks. The webinar was attended by around 95 students.

3) Webinar and Yoga training session in Connection with Yoga Day celebrations

Department of Botany, Nirmala College, Muvattupuzha celebrated the International Yoga Day on 21/06/2021 between 05.00 pm to 6.30 pm through virtual platform. The programme was envisaged to create awareness about the significance of Yoga on the physical and mental wellbeing among faculty and students.The programme started with a prayer song. Dr. Geena George, Assistant Professor, Dept. of Botany, welcomed the gathering. Principal Dr. K. V. Thomas, deliveredpresidential address, highlighting the health benefits of daily yoga practice. Yogacharya Sri. Rajeev, Yoga and Pranayama Teacher, Kerala Ayurveda Hospital, Aluva, was the resource person. He explained how Yoga brings balance between body, mind and spirit. Health is one of the basic human needs andgood health is an important contribution for the quality of human life experience. He further added that Yoga should be an integral part of our lifestyle because the regular

practice of yoga is an antidote for many of the psychosomatic and lifestyle disorders of modern life. This was followed by a practical demonstration session of one-hour duration in which students and faculty members took part enthusiastically and practiced various *'Asanas'* of Yoga and *Suryanamaskarm*. At the end of this session the participants clarified their doubts. Devinandana Das, student representative delivered vote of thanks. Around 70 students participated in the event.

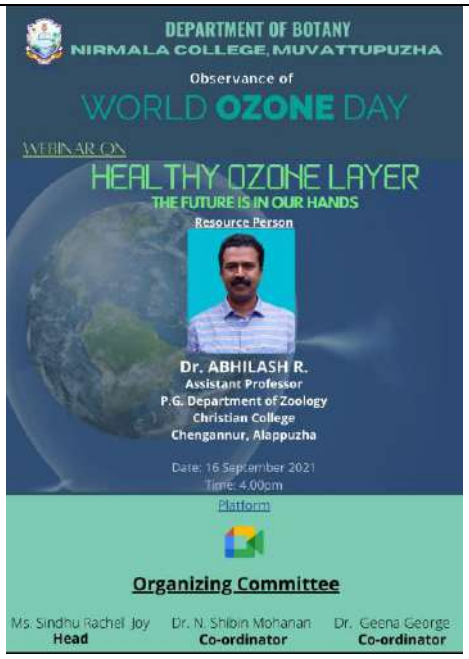
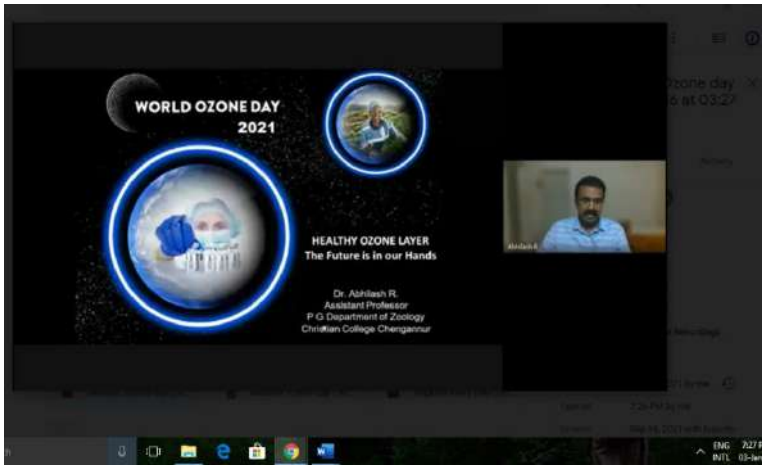
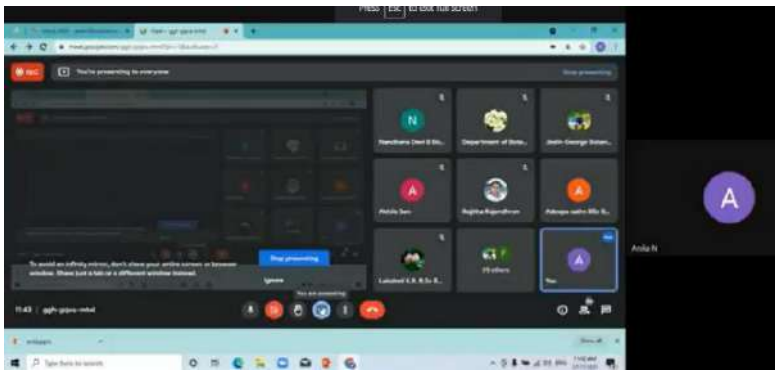
4) Webinar on Healthy Ozone layer the future is in our hands

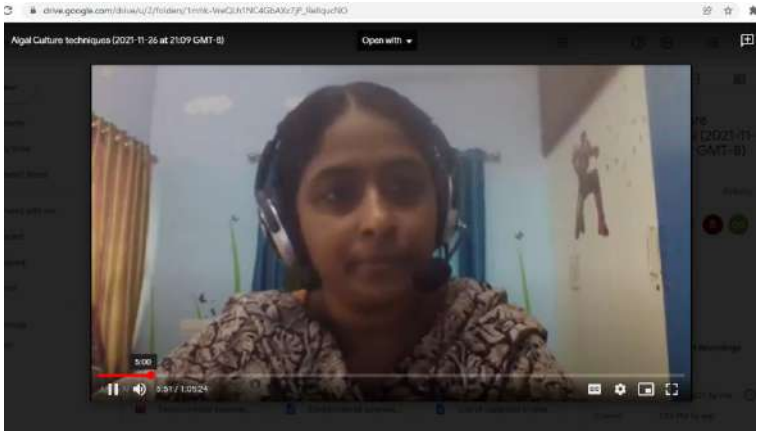




As part of the world Ozone Day Observance 2021, to spread awareness among students about the depletion of the Ozone Layer and search for possible solutions to preserve it, Department of Botany, Nirmala College, organized a webinar on **Healthy Ozone layer the future is in our hands on** 16/09/2021 at 04.00 pm. The theme of the webinar was same as that of the theme for this year's International Day for the Prevention of the Ozone Layer 'Montreal Protocol Keeping us, our food, and vaccines cool.' **Dr. Abhilash R.** Assistant Professor, Dept. of Zoology, Christian College, Chenganoor was the resource person. Dr. Shibin Mohanan, Asst. Prof. Dept. of Botany, Nirmala College welcomed the gathering and introduced the resource person. The session highlighted the historical significance of Montreal protocol, the role of ozone layer in protecting the earth from the harmful UV radiations and the causes of ozone depletion. He further explained that it is imperative to take measures to protect ozone layer in order to mitigate the adversities caused by global warming and climate change. At the end of the session, students clarified their doubts and expressed their positive feed backs regarding the session. Ms. Tomsy Babu student representative delivered the vote of thanks. The webinar was attended by around 60 students.

5) Webinar on Algal Culture Techniques



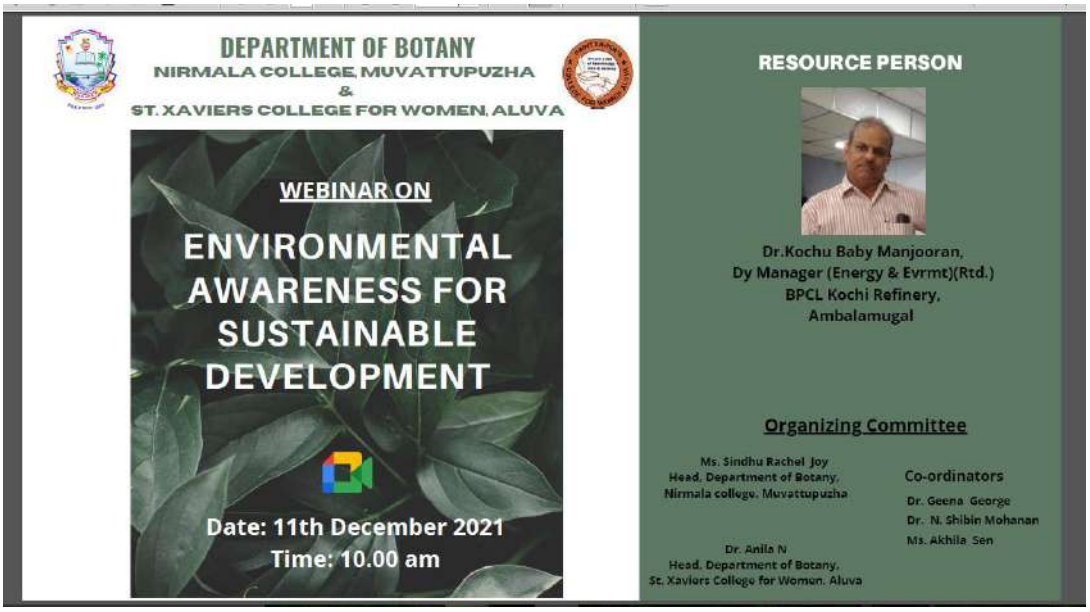


Dr. N. Anila engaging the session

Department of Botany, Nirmala College, Muvattupuzha organized a webinar on '*Algal Culture Techniques*' on 27/11/2021 at 10.30 am. The main objective of this webinar was to create awareness among the students about the emerging technologies in Algal Biotechnology. **Dr. N. Anila,** Asst. Prof and Head, Department of Botany St. Xavier's College for women, Aluva was the resource person. Ms. Akhila Sen faculty, Dept. of Botany, Nirmala College, introduced the Resource person. The session revieweddifferent algal culture techniques, growth parameters, technical advancements, novel fields of application, and products in the field of algal biotechnology to

illustrate, how algae could present high-tech, low-cost, and environmentally friendly solutions to many current and future needs of our society.She pointed out that, the extensive biological diversity of algae can be leveraged to produce a wealth of valuable bioproducts, either naturally or via genetic manipulation. Microalgae additionally possess a set of intrinsic advantages, such as low production costs, no requirement for arable land, and the capacity to grow rapidly in both large-scale outdoor systems and scalable, fully contained photobioreactors. This was followed by an interactive session where the students clarified their doubts on Algal culture. Around 60 students participated in the event. The webinar concluded with vote of thanks to Dr. N.Anila and to the participants by Ms. Lakshmi K.R, Student representative.

6) Environmental awareness webinar



Department of Botany, Nirmala College, Muvattupuzha in association with St. Xavier's College for women, Aluva organized an Environmental Awareness Webinar entitled,**"Environmental awareness for sustainable development"** on 10/12/2021 at 10.00am. Dr. Kochu Baby Manjooran, Rtd. Deputy Manager, BPCL Kochi Refinery was the resource person. The session focused on the various types of environmental pollutionand their causes, waste management and sustainable development. Dr. N. Shibin Mohanan, Asst.Prof. Dept of Botany, Nirmala College, Coordinated the event. The programme was attended by around 65 students.

Dr. Kochu Baby Manjooran Delivering the keynote address

7) Capacity Building Programme: Webinar on Uses of computer applications in Research

As part of the capacity building programme for students, Dept. of Botany, Nirmala College, Muvattupuzha, organized a webinar on **Uses of computer applications in Research** on 28 & 29 December, 2021.Ms.Liji Jose P. Asst. Prof, M. A. College of Engineering, Kothamangalam was the resource person. The programme focused on basic and advanced computer applications and search engines used in Life science research. The students were demonstrated how Computers can be effectively used to aid the research in handling qualitativeand quantitative information in the field of life sciences. The programme was organized for final year BSc Botany students and was coordinated by Dr. Geena George, Asst. Prof. Dept. of Botany.

Insights into Coffee Micro RNAs: Present and Future perspectives

Abstract

Coffea is an important plantation crop with significant economic, social, and environmental implications. Modern molecular biology techniques and publishing of the whole genome sequence

had also allowed for the initiation of gene expression research studies for coffee. Plant microRNAs are an extensive class of ∼22-nucleotide non coding RNAs that regulate gene expression. They are involved in a variety of biological and metabolic processes including signal transduction, transporters, growth and development, stress-related processes, structural constituents, and disease-related process. Although thousands of miRNAs have been discovered in many species, only a few have been found in the genus *Coffea*. The commercially important species *C. arabica* and *C. canephora*transcripts were sequenced and described, allowing for miRNA research in these two species. The first attempt to study of miRNAs in coffee (*Coffeacanephora*) was published in 2012 by using computational identification of conserved miRNAs by EST analysis, followed by discovery of a putative miRNA (mir393) in *C. arabica* ESTs. Most of the identified miRNAs had genes coding for transcription factors (e.g., bHLH7 and WRKY TFs) or the auxin signalling cascade proteins and plant defence responses as potential targets (e.g., auxin signalling F-box 2 and auxin transporter protein 1). A study in 2015 identified larger number of miRNAs (miRNAs 171, 172, 390, and 167) in the leaves, that suggesting miRNAs may play a role in regulating the transcriptome of *C. arabica*. Recent studies have analysed and identified 86 microRNA families targeting 253 genes. The miRNA target genes for both the *coffeasps* revealed the roles of miRNA in various cellular functions and gene regulation networks in these plant species. This chapter will help in improving the understanding of the possible role of microRNAs in *Coffea sp*. and the application of miRNAs to regulate various aspects of *Coffea* plant is also being discussed.

ABSTRACT

Marine ecosystems are the largest among earth's aquatic ecosystemsand are either home or host to different species ranging from planktonicorganisms that form the base of the marine food web to large marine mammals. Healthy marine and coastal ecosystems provide many valuable services that includes food, resources for economic growth and recreation alongside tourism and coastline protection. These are the abundant reservoirs of biodiversity and now the loss of species in the sea is a great concern and the health of these marine ecosystems are indirectly related to other ecosystems like forest, estuaries, rivers etc. Generally a variety of physical, chemical and biological factors may influence the distribution and composition of marine algal communities. Kerala is a

small stretch of land with a total area of 38,863 sq.km with a coastal stretch of 590 km that provide important economic and ecological services. Seaweed beds consisting of large benthic vegetation are a common habitat in coastal communities distributed widely along coastal line and are important primary producers of marine ecosystem and key space occupiers of rocky shores interact with other organisms and hence play an important role in overall coastal biodiversity. The distribution was influenced by water temperature, tidal levels, water movement and substrate types and the over exploitation and anthropogenic activities resulted in the destruction of seaweeds, which caused the difference in the alteration of other marine resources that depend on these seaweeds. Major cause for the loss of biodiversity was habitat destruction and global climatic change, sea level rise, wave shock, varying salinity and pH, the presence of grazers from land and sea, the drying effects of sun and wind, and abrasion by waterborne particles of sand. The rich diversity of marine ecosystem is especially at risk throughout the world, including Kerala where they are facing an increasingly serious danger due to over utilization of natural resources, destruction and loss of habitat, sudden climatic changes and other harmful human activities. Studies pertaining the diversity and distribution of marine macro algae across Kerala and its connection with climatic changes must be properly addressed, as marine algae have a galvanizing effect in aquatic realm.

ABSTRACT

This review write-up outlines the core concepts in vaccine asepsis, such as, vaccine efficacy and effectiveness, vaccine failure, herd immunity, epidemiological shift, and describes the application of this information both at program levels and in the practice by family physicians, paediatricians and epidemiologists.It has been insist that knowledge of vaccine asepsis which is likely to profit the society through hand-out to the informed decision-making and improving vaccination coverage in the developed and under developed countries. Immunization has made major contribution to public health. Infections like smallpox and rinderpest, have been eliminated. Universal coverage of vaccination against many infectious diseases of children has been enhanced drastically since the creation of WHO's Immunization Programme in 1974 and of the universal Alliance for Vaccination and Immunization in 2000. Evolution of vaccines against infections, like tuberculosis, malaria and HIV has been challenging and procurements so far have been modest. Success against these diseases may require combination vaccinations, each content restorate a different branch of the immune system. In the longer term, vaccines are likely to be used to prevent or modulate the course of some non-infectious diseases. Progress has already been made with therapeutic cancer vaccines and future potential targets include diabetes, hypertension and Alzheimer's disease.This review ends with proposals for the provision of systematic training and learning platforms in vaccine epidemiology to save millions of preventable mortality rate and improve health outcomes through life-course.

VIRTUAL LAB - SEEINGIS BELIVING

Due to the rapid growth of information and communication technologies, it has now been possible for virtual laboratories to be used as an alternative to physical labs by providing the merits of being used at anytime, anyplace, in this 'on-line learning' world of science education. Keeping this in mind, Department of Botany, Nirmala College Muvattupuzha in association with Merit Biolabs Ernakulam organized a one-day**Virtual Lab visit** on the topic "Biophysics" on 9 September 2021 at 3.00pm, for the students of Botany Department.The aim of this session was to create awareness among students regarding the working of various biophysical instruments, microbiology lab facilities and Biotechnology equipments. Faculty members from Merit lab were explained about their various lab facilitieswith demonstrations of equipments.The students caught a clear idea regarding various equipments and how to use the instruments effectively in the field of microbiology, biotechnology and molecular biology for research. After that an interaction session was held in which teachers also shared their information. The feedback session was a very informative and interactive. Thesession was coordinated by Dr. Geena George, Asst. Prof., and Department of Botany.

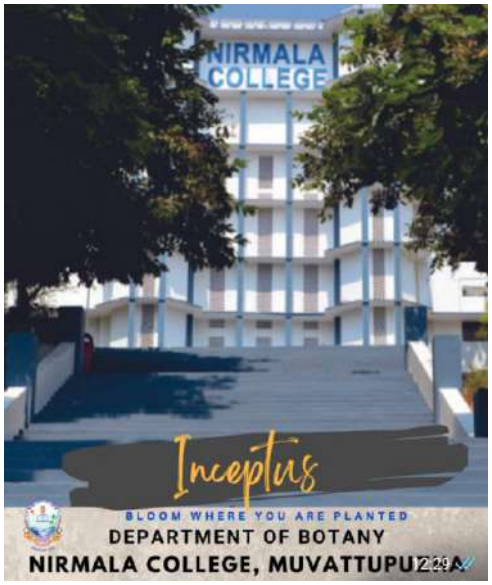
2) *Inceptus* -Induction Programme for first year students



Dept. of Botany, Nirmala College, Muvattupuzha organized a two-day Induction programme for the first year UG students on 29/09/2021 &01/10/ 2021. This programme is envisaged to provide an opportunity for the first-year students to get familiarized with the academic culture of the Department, other students and Faculty Members as well as to make them comfortable with the new environment. The five different sessions of the programme include ice braking session; know your department, subject orientation, skill development programmes for self-employment, introduction to curriculum, e - learning resources, alumni interaction and student aspiration and family expectations. Most of the sessions were engaged by Faculty members of the Department and explained the academic programmes, the co-curricular and extra-curricular activities organized by the department to meet the demands of the course and curriculum.

Besides, an orientation session to help the students to understand about the career prospects offered by the course. Interaction with prominent alumni members were also arranged as part of this. In the last session, students' aspirations and expectations of parents have also been discussed. The programme was coordinated by Dr. Shibin Mohanan, and Dr. Geena George, Asst. Professors of Botany Department.

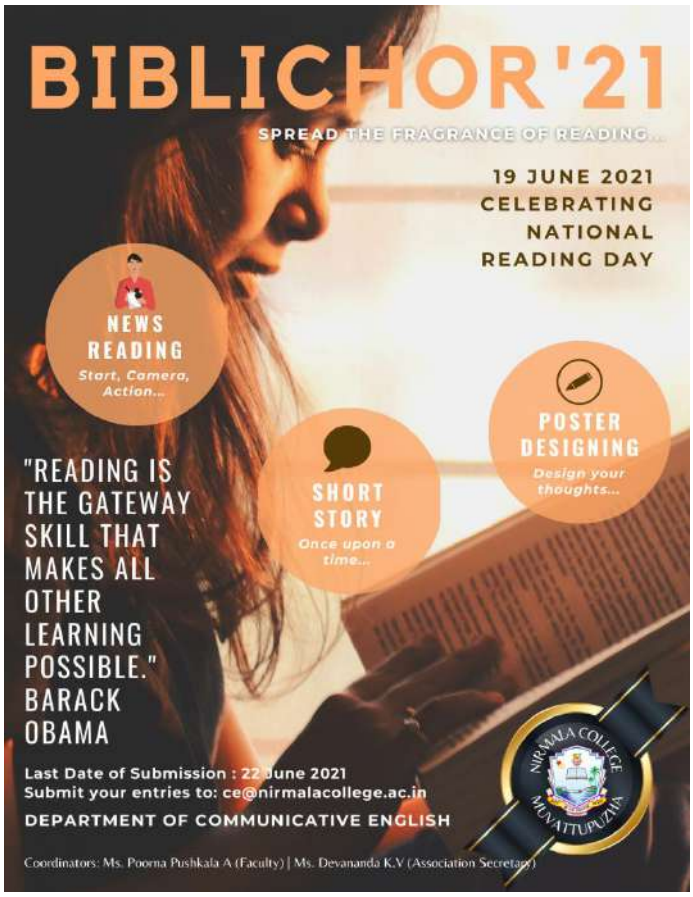
JUNE 2021

1. **Biblichor'21**



Reading at least one chapter of a book a day will enhance our knowledge and vocabulary. In India, we have many good authors and there is no dearth of topics from which to choose from, and almost every street corner has a book store. But among stores there are also libraries for which on June 19 we celebrate National Reading Day, not for the books, but for P.N. Panicker, a teacher from Kerala, who kick-started the Library Movement. June 19 is celebrated as National Reading Day to honour the life and works of P.N. Panicker. He passed away on June 19, 1995, and the Kerala government, in acknowledgement of his contribution to the state's high literacy achievement, ordered that June 19 be observed annually as National Reading Day. The Department of Communicative English also celebrates the Day in an elaborate style every year. Many Interdepartmental Competitions like Short Story Review, Reading Competition, Poster Designing etc are conducted and the excellent performers are awarded prizes. Students and teachers of the department along with the support of the Principal and Management join hands to conduct the programme. Amidst pandemic, this year too we celebrated Reading Day as Biblichor'21 in an online mode. Three Interdepartmental Online Competitions were conducted 1. News Reading 2. Short Story Writing 3. Poster Designing The topics for the Competition were related to the enhancement of reading among youth. We received about 30 outstanding entries in total. The best one from each event was chosen and prizes were awarded. Online Certificates were distributed to each participant to acknowledge their active participation.

7. Brilliant Scribbles

Brilliant Scribbles is an initiative by the Department of Communicative English to enrich the artistic skills of the whole student community of Nirmala College. This venture allows the young minds to fly and peck the burried literary, cultural and artistic notions in them and get featured in the Brilliant Scribbles page in diverse social media such as Facebook, Instagram and WhatsApp. Thus, the sprouting skills of students get published as Poetry, Short Stories, Essays, Drawings and Paintings in online platforms and are applauded by the public. So far many students of the college have utilized this facility to showcase their talents.

8. Post Admission Test

Post Admission Tests are conducted for first year UG students before the commencement of their classes. Test will be based on the basic concepts pertaining to the opted course for study. Based on the test score, students are delineated as advanced, average and slow learners.

Criteria (based on percentage scores) in the test:

0-49 – Slow learners

50-69 – Average

70-89 – Above average (Very good)

90 and Above – Excellent

Advanced- Top 5% among the excellent alienated

The slow learners are asked to attend remedial classes so as to improve their subject knowledge. Advanced learners are provided with more opportunities to excavate their hidden skills and become competent enough to face the upcoming challenges.This year the department conducted PAT at 1.30pm on 06 October 2021 online via Initio'21Google Classroom.

9. Bridge Course

Bridge Course is an introductory course with an academic curriculum to prepare students for intellectual challenges while pursuing their programme BA English Literature and Communication Studies. Classes are provided on core subjects of study such as Sociology, Radio and Visual Media, Communication and Journalism, English Language and History, English Literature, Basic Grammar etc. Video clips on these topics are uploaded as study material to Initio'20 Google Classroom. Students watch it carefully and at the end of the Bridge Course they have an assessment test. This year Bridge Course was conducted online via Initio'21 Google Classroom from 08 October 2021.

NOVEMBER 2021

1. Eloquor *An infotainment chat series on Academics and Career Development*

The Department of Communicative English launched a new venture Eloquor - Straight from the Heart - an Infotainment Chat Series on Academics and Career Development on 30th June 2021. The prime objective of the event is to make students of Communicative English more knowledgeable in their field of study through the words of experts. The sixth talk in the series was delivered at1.30 PM on 25th November 2021 at Audio Visual Hall.The session was titledശാകുന്തളവുംഉൗരുഭംഗവും-

ഭാരതീയസൗന്ദര്യവീക്ഷണത്തിൽ. Dr. Saneesh P. B, Assistant Professor, Department of Sanskrit, Nirmala College Muvattupuzhashared his wisdom on the topic with the students. The talk constituted information related to Sanskrit plays and its various dimensions. The session proved to be very enriching to the students who look forward towards the realm of Indian literature.

2. **Hello Monday**

Inspirational quotes gleaned from famous personalities touching ethos, logos and pathos are cast through the official Facebook page of the college on every Mondays as a better way to start a week. The practice is getting wide acceptance from the various internal and external public of the college.

3. **Wissy Wednesday**

Wednesdays are going to be a reason to beat the brains out. On all Wednesdays a valid GK question will be posted on the official Facebook and Instagram pages of our cCollege. The college community is asked to comment the right answer from the four given options and wait for the right answer to be revealed at 9pm on the same day. This practice commenced on 28/04/2021.

4. **Fluent Friday**

Building vocabulary is the key towards effective expression of thoughts. Communicative English focuses on enhancing the communication skills of its students. To that there is a practice is instilled among our students to find an English word every day from random situations of life with its meaning/ meanings, usage of the word in a sentence and synonyms. Students read English newspapers and listen to talks in English to find words for this programme. As an extension, the words collected are posted on the official Facebook page of the college on every Fridays under the head 'Fluent Friday', to diffuse the content to the various stakeholders of the college.

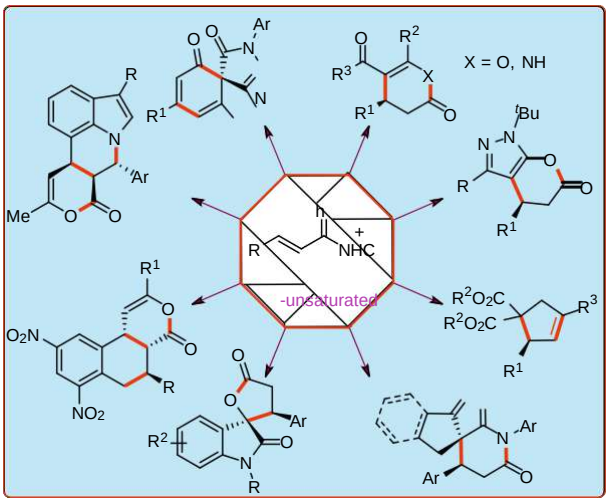
A. T. Biju received his M. Sc. from Sacred Heart College Thevara (affiliated to MG University, Kerala, India) and Ph.D. under the guidance of Dr. Vijay Nair at the CSIR-NIIST (Formerly RRL), Trivandrum, India. Subsequently, he has been a post-doctoral fellow with Prof. Tien-YauLuh atthe National Taiwan University, Taipei and an Alexander von Humboldt fellow with Prof. Frank Glorius at the Westfälische Wilhelms-Universität Münster, Germany. In June 2011, he began his independent research careerat the CSIR-National Chemical Laboratory, Pune. From June 2017 onwards, he has been an Associate Professor at the Department of Organic Chemistry, Indian Institute of Science, Bangalore. His research focuses onthe development of transition-metal-free carbon-carbon and carbon- heteroatom bond-forming reactions using aryne chemistry and N- heterocyclic carbene (NHC) organocatalysis, and their application inorganic synthesis.

Abstract



Catalysis is a fundamentally sustainable process, which can be used to produce a wide range of chemicals and their intermediates. Among the various catalytic methods, N-heterocyclic carbene (NHC)-catalyzed umpolung of aldehydes is widely used for the unconventional access to target molecules. Moreover, NHC-catalysis is known for umpolung of Michael acceptors, but imine umpolung was unknown in this realm of catalysis. In this context, we have demonstrated, for the first time, the NHC-catalyzed umpolung of imines for the synthesis of 2,3-disubstituted indoles, functionalized quinolines and dihydroquinoxalines. In addition, NHC-catalysis is widely used for the generation of α,β-unsaturated acylazoliums followed by their interception with various nucleophiles, the formal [3+3] annulation reactions. In this area, recently we have reported the enantioselective NHC-catalyzed annulation reactions for the synthesis of dihydropyranones, dihydropyridinones, cyclopentenes, pyrazoles, spirocyclohexadienones, tricyclic d-lactones, tetracyclic indoles etc., where NHC-bound α,β-unsaturated acylazoliums are the key intermediates. Very recently, we employed the umpolung of aldehydes for the synthesis of axially chiral C-N bond-containing molecules. The details of these works will be presented.

Rev. Dr. Mathew Thottiyil , former Principal and Head of the Department of Chemistry, Nirmala college, Muvattupuzha was one of the pioneers who accelerated the growth of the department. Renowned for his knowledge in Chemistry and humane qualities , he led the department to great heights. Rev. Dr. Mathew Thottiyil secured Ph.D. from the University of Manchester, England in 1965. He joined Nirmala College as Lecturer in 1967 and served as the Head of the Department of Chemistry and retired as Principal of the College in 1984. As a man so humane and innately simple, he found a sure place in the hearts of his students and colleagues. A veteran Professor, an ardent devotee of learning, a scientist with unswerving curiosity and inquisitiveness, Rev. Dr. Mathew Thottiyil was a very lovable personality – artless and naive to the core with no pretensions. He was called to his heavenly abode on 10th November 2000 , leaving a void in the hearts of many.

The department of chemistry offers BSc, MSc and PhD programmes in chemistry. The 2018-21 BSc chemistry batch had 41 students to appear for the university examination. Among them 15

students got A plus grade, 12 got A grade, 5 B+ grade and 3 B grade. Two of ourstudents secured 9th position in the BSc Degree University Examination. The overall pass percentage of the batch was 88, which is higher than university pass percentage.

The MSc batch of 2021 academic year had 13 students to appear for the university examination. Among them, two students got A plus, 5 got A and 2 got B plus grade. The 2nd, 4th and 10thranksof the university were secured by our students.

The PhD programme has currently one research scholar Ms. Anjali Raju, under the supervision of Dr. JyothishKuthanpillil. She has filed a patent in 2021 on the basis of her research work.

Dr. Jijo V. J. Assistant Prof. Department of chemistry, has got sanction for financial support from DST for the project titled: Universal artificial chaperone for therapeutic peptides using lipid-polymer mixed micelle.

Soft Skill Program- ***Let's Explore***

Department of Chemistry has organised a soft skill training programme for the students, on the outset of the new academic year 2021-22. The program named ***Let's explore*** was conducted on 1st June 2021, from 11:00 am to 1:00 pm on google meet platform and 100 students participated in it. Mr. Arun Jose Puthenpurackal was the resource person. The program mainly focused on how to explore and find out job opportunities and also how to keep and nurture a positive attitude towards everything. There were also directions regarding different online courses and various other possibilities to make the lock down life fruitful.

Hand Sanitizer

By the outbreak of Covid-19 caused an ever increasing demand for hand sanitizers and the Department Of Chemistry, Nirmala College along with NCC and Youth Red cross, made hand sanitizers and distributed among the needy.

Career Guidance Program

A career Guidance program for the students of the Department of Chemistry was arranged on 4th December 2021.Dr. Ajith James, Assistant Professor, Department of Chemistry, SB College Changanassery, was the resource person. The sessions were very much informative and various job opportunities for graduates and post graduates in chemistry were discussed.

Onam Celebration

The Chemistry association conducted online Onam Celebration. There were many online competitions and there was active participation of the students in the program.

Christmas Celebration

On 23rd December there was Christmas celebration in the college and the students of the Department of Chemistry participated in the various competitions and

secured prize. Thereafter there was a meeting and Christmas Celebration in the Department.

Abstract- The slotted single Substrate Integrated Waveguide (SIW) Epsilon near zero (ENZ) antenna due to its excellent performance can be used. This paper introduces a new empirical equation for predicting the resonant frequency of a slotted single SIW ENZ antenna, taking into account all the important parameters that significantly affect the resonant frequency. The average error found between the predicted and the actual operating frequencies are less than 4%. The design equation takes into account various parameters that affect the resonant frequency. The design equation approved with different substrate materials and the average % error found between the predicted and the actual operational frequencies are less than 4%. This proposed equation should be very useful to aid the proposed antenna design.

2. **Titu Thomas, “Numerical Analysis of CsSnGeI3 Perovskite Solar Cells Using SCAPS-1D”**

Abstract-Recently, organic-inorganic perovskite-based solar cells have become promising devices due to their unique properties in the photovoltaic field. However, the factor of toxicity, stability, high production cost and complicated fabrication processes of these devices is a challenge to their

progress in commercial production. Here a numerical modelling of Caesium Tin–Germanium Tri-Iodide (CsSnGeI3) as an efficient perovskite light absorber material is carried out. In this paper, different inorganic Hole Transport Materials (HTMs) such as Cu2O, CuI, CuSbS2, CuSCN and NiO have been analyzed with C60 as the Electron Transport Material (ETM). We intend to replace the conventional hole and electron transport materials such as TiO2 and Spiro-OMeTAD which have been known to be susceptible to light induced degradation. Moreover, the influence of the Electron Transport Layer (ETL) and the perovskite layer properties, bandgap, doping concentration and working temperature for various Hole Transport Layers (HTL) on the overall cell performance have been rigorously investigated. The design of the proposed PSC is performed utilizing SCAPS- 1D simulator and for optimum device an efficiency greater than 30% was obtained. The results indicate that CsSnGeI3 and C60 are viable candidates for use as an absorber layer and electron transportlayer in high-efficiency perovskite solar cells, with none of the drawbacks that other PSCs have.

3. **Anjaly Jose, "Characterization of Ce2(WO4)3 nanocrystals for potential applications"**

Abstract-In this work, the chemical precipitation synthesis route is employed for the fabrication of cerium tungstate nanoparticles. The as-synthesized particles are calcined at three different temperatures, and their structural and optical properties are studied. The optical bandgap is found to be decreased with an increase in calcination temperature. Photoluminescence emission spectra of the cerium tungstate samples exhibit a broad blue emission characteristic of the tetrahedral tungstate group. The present work aims to investigate the influence of calcination temperature on the structural and optical properties of cerium tungstate nanoparticles. Results of the characterization offer the suitability of the material in luminescence and optoelectronics applications. The results of the present work constitute the first report for the detailed optical properties of cerium tungstate nanoparticles

5. **Anjaly Jose, "Influence of Bi3+ doping on structural, optical and photocatalytic degradation properties of NiWO4 nanocrystals"**

Abstract-Pristine and Bi3+doped NiWO4 nanoparticles are synthesized by direct chemical precipitation method. The structural and optical properties are investigated using various characterization techniques. Optical absorption studies confirm dual direct-indirect bandgap nature of pure and Bi3+ doped NiWO4 nanoparticles. Doping with Bi3+ ion modifies the structural and optical parameters of NiWO4 sample. These variations in parameters influence the luminescence and photocatalytic properties of NiWO4 nanoparticles. The lowest doping concentration of Bi3+ leads to high PL emission and this property can be used in luminescence applications. The higher concentration of Bi3+ ions leads to the quenching of PL. The sample with the highest dopant concentration shows the lowest PL intensity and improved photocatalytic activity. Indirect chemical probe method reveals that OH.is the main active species involved in the photocatalytic decolouration of dyes. The degradation of dyes follows pseudo-first-order kinetics. Current work constitutes the first report on the effect of Bi3+ doping on the structural and optical properties, and photocatalytic activity of NiWO4 nanoparticles.

7. **Dr.Dinu Alexander, "Rare Earth Oxalates: A Promising Optical Material Without Luminescence Quenching"**

Abstract- The quenching free photoluminescence in fully concentrated rare-earthbased optical materials makes them excellent candidates for various optoelectronic applications. The factors leading to quenching free luminescence is the focal theme of this chapter. It covers the basic

description of different quenching processes like concentration quenching, cross-relaxation quenching, phonon-assisted quenching, and hydroxyl quenching in luminescent materials. This chapter also describes the photoluminescence properties of fully concentrated rare-earth oxalate with terbium oxalate as a representative case. The crystal structure of rare-earth oxalate facilitates well-separated luminescence centers and there is least possibility for energy migration between identical luminescent centers thus weakening concentration quenching in this matrix. The quenching free nature of terbium oxalate is analyzed further by studying the variation of photoluminescence emission with the concentration of Tb3+ incorporated in lanthanum oxalate matrix up to the full concentration of terbium.

8. **Dr.Dinu Alexander,"Synthesis, structural and luminescence characterization of single phased Tm3+/Dy3+ co-doped Na3Y (VO4) 2 nanocrystals"**

Abstract- White light emitting Tm3+/Dy3+ co-doped α-Na3Y(VO4)2 nanocrystals were prepared via citrate based solution combustion route and systematic investigation on the structural and photoluminescence characterization was carried out. The photoluminescence studies of Tm3+/Dy3+ co-doped α-Na3Y(VO4)2 nanocrystals reveal the co-existence of characteristic emissions of Tm3+ and Dy3+ ions. By altering the ratio of Tm3+ and Dy3+ doping concentration, the emission colors can be tailored from blue to yellow through white light region. The systematic fall of emission intensity of Tm3+ ions and the rise of emission intensity of Dy3+ ions along with the decrease of lifetime of Tm3+ emission on increasing the Dy3+ content ascertain the energy transfer from Tm3+ to Dy3+ ions. The CIE chromaticity coordinates for α-Na3Y1-x-yTmxDyy(VO4)2 with x = 0.01 and with y = 0.002 or 0.003 are in close agreement with standard equal energy white light point. The calculated CCT values, 6172 K and 5510 K for the corresponding samples matches with the standard white light illumination (CCT = 5454.12 K). These findings indicate that Tm3+/Dy3+ co-doped α-Na3Y(VO4)2 nanocrystals emerge as promising candidates for UV excitable phosphor converted white LED.

ABSTRACT

A myriad of small and startup software development firms dominate the software industry facing challenges and constraints in software engineering. As these software development firms are expanding their business, methodologies to improve, software process has a prominent role in assessing and creating quality deliverables. This paper introduces the basic concepts of Software Process Improvement (SPI) and its importance in improving the quality, stability and productivity of software. The paper concludes with a discussion and recommendation of future SPI frameworks and some steps in developing such framework with focus on overcoming the challenges faced by small and startup software development firms.

Combinatorics & Its Applications

A seminar on 'Combinatorics& Its Applications' was conducted by the Department of Mathematics on 11 December 2021. Dr. Paul Isaac, Associate Professor &HoD, Department of Mathematics, Bharata Mata College, Thrikkakara was the resource person. Combinatorics is a field of Mathematics concerned with problems of selection, arrangement and operation within a finite or discrete system. The resource person introduced the concept with examples & famous problems.

Prof.Saji Joseph, Head of the Department presided over the session. 162 students and faculty members participated in the seminar.

Plant Disease Identification System – A Review

Vidhula Thomas[1], Sruthy K B[2]

[12]Assistant Professor, Department of Computer Science,
College of Applied Science, Managed by IHRD, Puthenvelikkara, Kerala, India

Abstract - *Agriculture production plays a vital role in the economic development of the country. Farmers have a variety of choices for the cultivation of different crops. But plant disease can harm any agricultural crops. Advancement in information technology can be used as a solution for real time crop disease detection and recognition. Thus yield and quality can be improved. Classification of plant disease is necessary for evaluating agricultural production, increasing market value, and meeting quality standards. Many eminent researchers have put forward their ideas for developing such systems but there are a few limitations in the proposed and developed systems*
The review provides detailed discussions on plant diseases, disease detection systems, and classification using image

acquisition, image pre-processing, image segmentation, feature extraction, and classification. ***Key Words*:** Plant Diseases, Image Processing, Classification, Feature Extraction

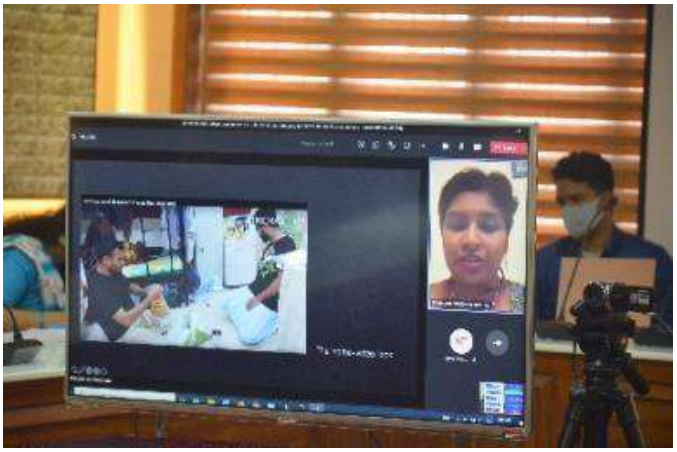
Report on the Five-Day International Virtual Conference on Cultural Studies "Bridging

Borders: Cultural Production and Transnational Identities”

The department of English has successfully conducted a five-day International Virtual Conference on Cultural Studies “Bridging Borders: Cultural Production and Transnational Identities” from 6 to 10 December 2021. This was a very engaging five days of cultural journey starting from the US, halting in Nairobi, passing through Mexico and Spain and finally landing in God’s own country. The conference was convened by Ms. Anu Joy Chemparathy and Dr. Manu C Skaria under the guidance of Dr. Nibu Thomson, Head of the Department. the Hundreds of attendees, paper presenters, keynote and tutorial participants, students have benefited in many ways from this conference. There were five plenary talks byspeakers from different countries addressed to audience and shared knowledge and rich and diverse cultural experiences. The speakers were Dr. Darshana Sridhar Mini, Assistant professor at University of Wisconsin, USA; Dr. Tom Odhiambo, Assistant professor at University of Nairobi, Kenya; Dr. Alberto Pérez-Unzueta, Assistant professor at UANL, Mexico; Dr. Nina B Namaste, Professor at Elon University, USA and Dr. Gigy J. Alex, Assistant professor at IISST, Trivandrum, Kerala. There were nine paper presentation sessions chaired by faculty members from different colleges. Around 50 papers were presented by professors, research scholars, post graduate students and academicians. Studentvolunteers organised the sessions under the guidance of faculty. Many attendees sent in their questions and the resource persons were happy to answer all the queries and doubts.

The first day of the conference began with an inaugural session presided by Rev. Msgr. Dr. Pius Maleikandathil. The day started with Welcoming and Opening Ceremony. Dr. Nibu Thomson, Head of the Department welcomed the dignitaries and participants. Rev. Msgr. Dr. Pius Maleikandathil addressed the audience and gave some glimpses on the topic. Dr. Thomas K V. principal felicitated the organisers and participants. Inaugural address was delivered by Dr. Darsha Sridhar Mini, Assistant professor at the University of Wisconsin, USA. The session has helped to gain perspective regarding, avenues available in

researches in the field of cultural studies and migrant media. She has discussed on the perceptions produced and consumed around the label “pravasi”. The session was formally winded up witha vote of thanks delivered by Dr. Jasmine Jose. Two paper presentation sessions were also conducted on the day. The sessions were chaired by Dr. Bijimol Alex Newman College and Dr. Jiji J Alex respectively.



The second day started with a formal welcome address delivered by Dr. Nibu Thomson. Plenary talk of the day was delivered by Dr. Tom Odhiambo, Assistant professor at University of Nairobi, Kenya. The title was Reflections on Contemporary African Literature. He talked elaborately on the orality of African Literature in contextualising contemporary African literature and its performative nature. The session was wrapped up with a vote of thanks delivered by Dr. Sr. Armila Antony. The paper presentation sessions of the day were chaired by Ms. Ajomy Maria Joseph and Dr. George Sebastian respectively.

On the third day of the conference, the opening of Plenary session III was with the addresses of welcome delivered by Dr. Nibu Thomson. The plenary talk titled Pre-Hispanic Beliefs inMexican Culture was rendered by Dr. Alberto Pérez-Unzueta, Assistant professor at UANL, Mexico. He had given an opportunity to get more insight into the rich indigenous practices, history and civilization of Mexico. This helped the participants to broaden their views on the rich and impressive cultural diversity of Mexico.Ms. Anu Joy Chemparathy expressed vote of thanks to the resource person and participants before winding up the session. Paper presenation Sessions V and VI of the day were chaired by Dr. Eldhose AY, MA College Kothamangalam and Dr. Princy Jacob, Newman College respectively.

The Plenary Session of the Fourth day was begun with a welcome speech by Dr. Nibu Thomson. Plenary Talk IV was offered by Dr. Nina B Namaste of Elon University, USA. Her talk titled Lemons, Oregano, Satisfaction, and Hopeless Melancholy: Agency, Subversion, and Identity in Mayra Santos Febres’s “Marina y su olor” was an innovative perspective, on a fantastic narrative about a young woman, who transforms emotions and reactions into scents. The thoughts on wide possibilities of resistance and independence have made the participants think more and connect with the situation. She delved deep into the narrative, and explored the styling of language to articulate the inarticulate. The session came to an end with the remarks of thanks delivered by Dr. Jasmine Jose. The paper presentation sessions VIII and IX were chaired by Dr. Jerome K Jose and Dr.Neethu Mary Tomy respectively.

The final day of the conference orchestrated with a valedictory session. The session was presided over by

Fr. Paul Nedumpurath, Higher Education secretary. He expressed his viewson the conference and delivered remarks of appreciation. This was followed by a valedictoryaddress contributed by Dr. Gigy J Alex. The talk was titled Cultural Discourse of Cuisines: Rereading Select Culinary Memoirs from Kerala. She had challenged many of the assumptions about food by rendering more insights into the meanings and significance of culinary memoirs.

Ms. Anu Joy Chemparathy , the convener had delivered the vote of thanks to Fr. Paul Nedumpurathu, Fr. Francis Kannadan, Dr. KV Thomas, Vice Principal Saji Joseph. She alsohonored Dr. Manu C Skaria, the co-convener and Dr. Nibu Thomson, Head of the departmentfor their initiatives. She thanked all other colleagues and Dr. T M Jacob, Department of Statistics, for their support. Mr. prince Samule Joseph, Mr. Augustine Benny, Mr. Manu for their technical support. College Development Council for the collaboration and the sponsors. She also thanked the chairs, the young team of students and the participants. The session ended with the national anthem.

റഷ്യൻ കഥാസാഹിത്യം കൊളുത്തിയ ആത്മീയ വിശുദ്ധിയുടെ ജൈവരസതന്ത്രം

ഡോ. ആനി തോമസ്

ചിട്ടപ്പാടുകളുമായുള്ള ആദാനപ്രദാനങ്ങളിലൂടെയാണ് മാനവികസംസ്കാരത്തിന്റെ വളർച്ചയും വികാസവും സാധ്യമാകുന്നത്. വിവർത്തന സംരംഭങ്ങളിലൂടെയാണ് ഈ കൂച്ചിയ നടക്കുന്നത്. 19-ാം നൂറ്റാണ്ടോടുകൂടി ഫ്രാൻസ്, ഇംഗ്ലണ്ട്, അമേരിക്ക, അറേബ്യ, റഷ്യൻ എന്നീ സാഹിത്യങ്ങളിൽ നിന്നും കെ.സി.എ. ബാലകൃഷ്ണപിള്ള സാഹിത്യകൃതികൾ വിവർത്തനം ചെയ്ത് അവിടുത്തെ പുതിയ പ്രവണതകളെ മലയാളിക്കു പരിചയപ്പെടുത്തി.

ആ കാലഘട്ടത്തിൽ ജീവിതത്തിൽ നിന്നും ലഹരിയും അകന്നു നിന്നവരും അരാജകത്വമായ കഥാപാത്രങ്ങളിലൂടെ മലയാള കഥാസാഹിത്യം ഗതിമാറുകയുടെ മുഖത്തിയിൽ അമർന്നപ്പോൾ വൈദേശിക സാഹിത്യകാരന്മാരുടെ ജീവിതഗന്ധിയായ രചനകളിലൂടെ സർഗ്ഗാത്മകതയുടെ ചൈതന്യം നിറഞ്ഞ ശാദ്വലഭൂമികൾ സഹൃദയലോകത്തെ നവോന്മേഷത്തിൽ അഭിരമിപ്പിച്ചു. ഇംഗ്ലണ്ട്, ജർമ്മനി, അമേരിക്ക, റഷ്യ, ഇന്ത്യ എന്നീ രാജ്യങ്ങളിലെ രാഷ്ട്രീയ സാമൂഹികസാഹിത്യസാംസ്കാരിക ജീവിതത്തിൽ വൈകാരികമായ പുത്തൻ ആവേശം സംജാതമാവുകയും മികച്ച എഴുത്തുകാർ (വേഡ്സ്വർത്ത്, കോൾറിഡ്ജ് കീറ്റ്സ്, ബൈറൺ, ലോറ, എമേഴ്സൺ, ഗാർക്കിവിൻസ്, വിറ്റ്മാൻ, ഗെയ്ഥെ, ഷില്ലർ, നീഷേ, ബങ്കിംചന്ദ്രചാറ്റർജി, ടാഗോർ) നവോത്ഥാന ആശയങ്ങളും നൂതന പ്രവണതകളും സാഹിത്യത്തിൽ കൊണ്ടുവരികയും ചെയ്തു. റഷ്യയിലും വിലമതിക്കാനാവാത്ത എഴുത്തുകാർ 19-ാം നൂറ്റാണ്ടിൽ പിറവിയെടുത്തു. അലക്സാണ്ടർ പുഷ്കിൻ (1799-1837), മിഖായേൽ ലോർമോണ്ടോവ് (1814-1841), നിക്കോളായ് ഗൊഗോൾ (1809-1852), ഫയദോർ ദൊസ്തോവ്സ്കി (1821-1881), ഇവാൻ തർഗനീവ് (1818-1883), ടോൾസ്റ്റോയി (1828-1910), മാക്സിം ഗോർക്കി (1868-1916) തുടങ്ങിയ എഴുത്തുകാരുടെ സ്വാധീനം നമ്മുടെ പ്രാദേശിക ഭാഷകളിലുണ്ടായി പതന്നു. ഓരോ കഥാകൃത്തും അവരവരുടേതായ ഒരു സൗന്ദര്യശാസ്ത്രപാതയിലേക്കു മെന്നെത്തുന്നു.

ഭാവുകത്വ പരിണാമവും സൗന്ദര്യശാസ്ത്രദർശനവും

ഈ കഥകളുടെ ജൈവികവും ബൗദ്ധികവും ദാർശനികവുമായ ഊർജം ഉൾക്കൊണ്ട തകഴി, ദേവ്, ബഷീർ, പൊറ്റെക്കാട്ട് തുടങ്ങിയുള്ള കഥാകാരന്മാർ അവരവരുടേതായ സൗന്ദര്യശാസ്ത്ര വീക്ഷണവും ഭാവുകത്വബോധവും മെന്നെത്തുന്നു. കൂടാതെ 1930കളോടുകൂടി കേരളത്തിന്റെ സാംസ്കാരിക രാഷ്ട്രീയ രംഗങ്ങളിൽ മാറ്റങ്ങൾ സംഭവിക്കുകയും നമ്മുടെ ഭാവുകത്വത്തിനും ആസ്വാദനത്തിനും പുതിയ ദിശാപരിണാമങ്ങൾ സമ്മാനിക്കുകയും ചെയ്തു. ഇതിനു പിന്നിൽ ഭാഷയുടെയും സാഹിത്യത്തിന്റെയുമായ ചരിത്രയാഥാർത്ഥ്യങ്ങളുണ്ട്. വിശാല സാഹിത്യത്തിലെയും സാംസ്കാരികദർശനങ്ങളിലെയും പ്രബുദ്ധതത്വങ്ങളായ മാനവികതാവാദം, ഹ്യൂമനിസം, ഫ്രഞ്ചിസം തുടങ്ങിയ നൂതന ചിന്താധാരകൾ മലയാള മണ്ണിലും വേരൂന്നിയ്ക്കു. അവയെല്ലാം മലയാള സാഹിത്യത്തെയും സ്വാധീനിച്ചു.

ജീനകളിൽ മേളിക്കുന്ന സാംസ്കാരിക സമന്വയം

ചരിത്രം പരിശോധിച്ചാൽ ഇന്ത്യൻ സംസ്കാരവും ജനതയും വ്യത്യസ്ത സംസ്കാരങ്ങളുടെ ഒരു മേളനമാണെന്നു കാണാം. ബി.സി.1500 ൽ പൂർവ്വ റഷ്യയിൽ നിന്നും ഇറാനിൽ നിന്നും ആര്യന്മാർ ഉത്തരേന്ത്യയിലേക്കു കടന്നുകയറി (മാക്സ് മുള്ളർ, സെ

NCC REPORT

ANNUAL TRAINING CAMP

The Annual Training Camp of this year was conducted from 29th November 2021, which lasted for 7 days. During the camp, cadets were given training for B and C certificate examinations. Nirmala College Muvattupuzha hosted the ATC in which cadets from St. Peter's College, Kolenchery MA College Kothamangalam, BPC Piravom were also present. The cadets were taught all subjects related to the certificate examinations, which included weapon training, map reading, judging distance,

weapon drill, normal drills, firing etc.

The camp was organised under the supervision of Col. Virender Dhatwalia Shaurya Chakra, Commanding Officer, 18 (K) Bn NCC. Many PI staffs and other instructors were also present in the camp. The camp was wrapped on 5th December 2021.

BEST INSTITUTION AWARD CEREMONY -2021

In 2021, Nirmala College Muvattupuzha was granted the Best Institution Award under 18(K) Bn NCC. Considering the current pandemic situation, on 3rd March 2021, Best Performance Award Ceremony and Group Commander visit was conducted at Nirmala College.

The entire programme was coordinated by the cadets of Nirmala College under the supervision of our ANO Professor Abin Wilson. The cadets of Nirmala College and St Peter's College, Kolenchery took part in the ceremony. The programme was started with prayer followed by a welcome speech by ANO Professor Abin Wilson. Presidential address was given by Col. Virender Dhatwalia Shaurya Chakra Commanding Officer 18(K) Bn. Inaugural address was given by Brigadier Sunil Kumar N V NCC Group Commander - Kottayam.

In this auspicious occasion the Principal of Nirmala College, Dr Thomas K V on behalf of Nirmala NCC Alpha COY received the Best Institution Award under 18(K) Bn from Group Commander, Brigadier Sunil Kumar N V,in the presence of Lt. Col. Lance D Rodriguez Administrative Officer 18(K) Bn NCC, Muvattupuzha, Subedhar Major Gurmeet Singh 18(K) Bn NCC Muvattupuzha. Also, cadet Ajay Krishna,who participated in the All India Best Cadet Competition 2021 and won the fourth postion and L/CPL Rose Baby of St.Peter’s College who participated in the RDC 2021, received prizes from Brigadier Sunil Kumar N V,NCC Group Commander-Kottayam on behalf of the gathering.

Finally, the programme was concluded with vote of thanks SUO Edwin Varghese and NCC Song.

Due to the pandemic, the programme was very simple, but we Nirmala College NCC Company made considerable contribution despite the limitations to make the day a memorable one.

BUS STOP CLEANING AND PAINTING

NCC NIRMALA organised college bus stop cleaning activity on 5th October 2021. The cleaning activity was organised under the guidance of SUO AJAY ANIL and other seniors and junior cadets (sd/sw) .

All cadets came at the destination at 9:30 The surroundings were cleaned and the Plastic waste collected was disposed and the waiting shed was painted. A tree was planted near the waiting Shed.

COLLEGE MERIT DAY

NIRMALA COLLEGE NCC UNIT MUVATTUPUZHA

FEB 20, 2021

Merit day is meant to be an occasion of appreciating teachers and students for their meritorious achievements in all areas. It is conducted every year to honour the achievements of all. It is an auspicious occasion for both the college and the students. This

year, despite the pandemic, the Merit day was conducted on 20th February, without any great and glorious celebrations.

Due to the pandemic the merit day was celebrated very simply. We the Nirmala College NCC unit, made the day very special and memorable by overcoming the adversities laid infront of us. We the NCC cadets of Nirmala College welcomed the Chief Guest with Guard of Honour (Salami shastra) and NCC Band. The NCC cadets showcased their best performance in Guard and Band. The cadets were also in charge of controlling the vehicles inside the college campus and the parking section. Our cadets did their duty with due respect, sincerity and responsibility. They also engaged themselves in various activities held on behalf of NCC on this day. We were appreciated by all for our coordination to do any duties that were entrusted us with. Many of us received various awards on the merit day. SUO Edwin Varghese (RDC Delhi, Best Senior 2021),CSM Anjo Paul John (EBSB Camp), Sergeant AmalTomy (EBSB Camp) and CDT Sibin V.S (SSB capsule) received Mementos during the official meeting held in the college on this day in the presence of College Principal, our Chief Guests, Bursar, Teachers, students representatives etc.... Some of our cadets received awards for securing higher grades in their respective Classes.

NCC cadets have always shown their talents in as many areas as possible by participating in all of them. A British author once said, "the persons who gets military training comes out as the responsible citizens of a nation." Our cadets are entrusted with different responsibilities at different levels in NCC. Moreover, college events like this are moulding them to create a bright future for our nation. This year's merit day was very simple but a good piece of memory for all the cadets, arousing happiness, even in the midst of the

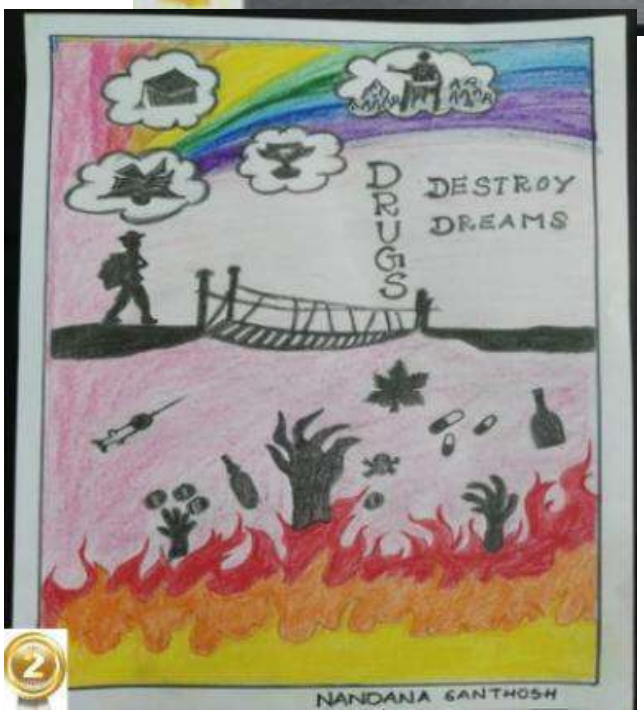
pandemic.

International Day against Drug Abuse and Illicit Trafficking 2021

June 26 every year is observed as International Day against Drug Abuse and Illicit Trafficking or World Drug Day to create awareness about issues related to drugs and seek international cooperation to combat its effects on health, society, and governance.

This year, the theme is 'Share Facts on Drugs, Save Lives'. According to the United Nations Office on Drugs and Crime (UNODC), the motive is to combat misinformation by sharing real facts on drugs — from health risks and solutions for the world drug problem to evidence-based prevention, treatment, and care.

As an expression of determination to strengthen action against drug abuse and in order to create awareness in the society against drug use and trafficking, the NCC unit of Nirmala College Muvattupuzha conducted a pencil drawing competition about the efficacies of drug abuse in which the cadets participated actively. Cadet Albin V Johnson secured the first prize and cadet Nandana Santhosh become the runner up of the competition. Then the cadets hung up posters highlighting various slogans such as "Drugs kills you", "Say no to drugs", which tells about the side effects to health due to drug use.



International Yoga Day Celebration

On June 21 every year we celebrate International Yoga Day.

History of International Yoga Day:

It was proposed by Prime Minister Narendra Modi in his speech at the United Nations General Assembly (UNGA) on September 27, 2014. It is observed on June 21, every year, to spread awareness about the importance and effects of Yoga on the health of people.

The theme of International Yoga Day 2021 was "Yoga for well-being".

Nirmala College Ncc Alpha Coy has designated June 21 to be celebrated as International Yoga Day to highlight the significance of its importance and effects of Yoga on the health of people and to spread awareness about the need of yoga in everyday life and the ways to do it.

In accordance to this we organised a webinar hosted by CTO James V George, Assistant Professor, Department of Commerce, Sacred Hearts College, Thevara. He explained about the mental and physical benefits of practicing yoga and also taught cadets some easy postures to improve concentration. He also explained why this particular day was decided as

International Yoga Day as, it is on this day that the Earth receives more sunlight . College Principal Dr. Thomas K V , Bursar Fr. Francis Kannadan , ANO Dr. Albish K Paul, SUO Ajai Anil and all other cadets participated in the event. In light of this, all cadets made video performing different Yoga Asanas along with quoting its benefits and uploaded them in social media in order to uphold the need and catch attention of our society towards Yoga.

VACCINATION DUTY

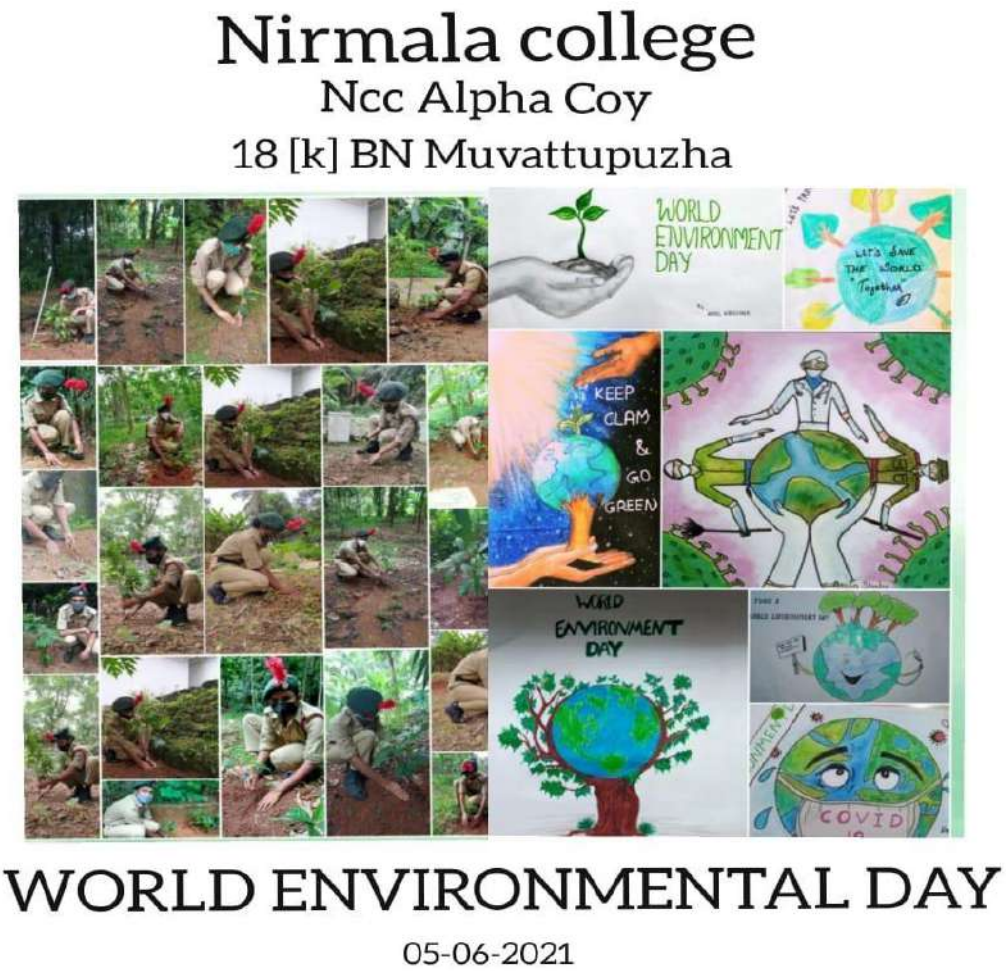
The Covid-19 pandemic also known as Corona virus,is an ongoing global pandemic. It should be understood that a vaccine against Corona virus is a ticket to freedom. Vaccination is the most important part of the public health. It prevents the spread of the virus. According to the World Health Organisation, vaccination is a proven tool for controlling and eliminating life threatening infectious diseases.

A Covid-19 Vaccination drive was held at the Government Thaluk Hospital, Muvattupuzha from 19 March 2021 to 27 March 2021. The cadets of Nirmala College Muvattupuzha, participated in the drive on 19th and 20th of March 2021. Cadets helped the people who came for Vaccination and also participated actively in the drive and helped the people to get vaccinated.

Vaccination is the most important initiative to beat the virus. Let us unitely work to stop further spread of Covid-19 in our country. And don't forget to take vaccine at your turn. We want the people of lndia to know that they are not alone, and we will fight this together.

JUNE 5 WORLD ENVIRONMENT DAY

The theme of World Environment Day this year is 'Ecosystem Restoration'. The Nirmala College NCC Alpha Coy Celebrated World Environment Day to highlight the significance of its protection and to spread awareness about the need to protect the environment and the ways to do it. The day was flagged off by a tree plantation drive by the cadets in their respective colonies. Whereas posters and slogans were a great sight of attraction present all around. The cadets, via videos and photos spread awareness about the threats to the environment and suggested various ways to save the Mother Earth. All in all, the day was a great success and



had certainly made a difference to the way we see our environment.

WORLD NO TOBACCO DAY
NIRMALA COLLEGE MUVATTUPUZHA

THE NIRMALA COLLEGE NCC ALPHA COY celebrated this day to highlight the significant problems caused by the use of tobacco and to spread awareness regarding how it adversely affects our health. Cadets of Nirmala College NCC Company made posters which raised the dangers of using tobacco and smoking.The cadets via videos and photos spread awareness about the threats caused by tobacco and suggested various ways to prevent it.

Considering the current situation we made a considerable amount of contribution in all possible way we could. Overall, the day was a great success.

STATUE CLEANING

NIRMALA COLLEGE NCC UNIT MUVATTUPUZHA

On 2nd October 2014, Swachh Bharat Mission was launched throughout length and breadth of the country as a national movement. The campaign aims to achieve the vision of a 'Clean India'. The Swachh Bharat Abhiyan is the most significant cleanliness campaign by the Government of India. The NCC cadets have been a major part of the Swachh Bharat Mission initiative and have been carrying out these activities as part of Social responsibility and community development.

Even at the situations of Covid-19, on 12 march 2021 the Nirmala NCC Alpha Coy took the initiative of organising a cleaning programme at Nehru Park which is situated at the heart of Muvattupuzha.

Our cadets reached the Nehru Park in a bus. All cadets were well instructed about the activity by the senior cadets. The statue was covered in dust and the area to be cleansed was unhygienic. Under the guidance of PI staffs of 18 K Battalion, 18 first year SD cadets and 2nd year SD cadets went on to clean the Nehru statue and surroundings. Our Cadets collected the plastic bottles and other plastic wastes and disposed it. Everyone worked as instructed. They cleaned the location and made it hygienic. Before leaving the area a group photo was also taken.

Cadets together did a good work to make the area neat and tidy. Even at the time of this pandemic situation cadets came together and showedd greater responsibility in making the

area tidy and elegant.
