## **1. INTRODUCTION**

Mahatma Gandhi University( [www.mgu.ac.in](http://www.mgu.ac.in)) is one of the affiliating Universities of Kerala and is situated in the Central Kerala District of kottayam which is acclaimed as the land of Letters, Latex and Lakes. Set up on the sprawling 110 acre Priyadarshini Hills Campus at Athirampuzha, 13 kms off Kottayam, the University also has ten satellite campuses in parts of Kottayam and the neighboring districts.

Mahatma Gandhi University's academic growth during the past has been phenomenal in terms of the number of academic initiatives launched, curricular revisions undertaken, research grants received, research collaborations entered into, extension activities organized, research papers published, national and

international seminars hosted, student support programmes conducted, quality enhancement measures initiated, infrastructural support generated, resource mobilization and distinctions acquired. The University is prominently placed on the international academic map through its entry into the Obama-Singh 21st Century Knowledge initiative for Indo- U.S. academic collaboration as the lone affiliating University besides many other claims. Introduction of a series of merit cum means scholarships like ASPIRE, INSPIRE, THANMA and ACQUIRE is another major feature. Mahatma Gandhi University has also won the Chancellor's Award in 2016 for the best University in the state. The pioneering efforts by the university to democratize the admission process by utilizing cutting edge technologies have also been widely acclaimed. The University introduced Centralized Allotment Process (CAP) for the PG programmes in the University Statutory Teaching Departments from the year 2012 onwards following the resounding success of the CAP initiatives for UG and PG programmes in the affiliated colleges. As all these initiatives received overwhelming response from the student community, college/department authorities and the general public the University decided to broaden the reach of the admission process for the PG programmes in the Statutory Teaching Departments and Inter School Centre of the University by introducing a Common Admission Test from the academic year 2014-15 onwards.
