Registration Fee **Rs. 250/-**

Last date of Registration

**6th Oct 2023**

### Bank Details:

#### Name of Account Holder

Honorary Director of School of  
Food Science & Technology

#### Bank & Branch

State Bank of India (SBI), MGU  
University campus

**A/C No.** 40523708114

**IFSC CODE** SBIN0070669

## National Seminar on Millets-The Golden Pellets

Organized By

School of

Food Science & Technology

MG University &

Food Safety and Standards  
Authority of India

**Date: 12/10/2023**

**Venue: School of Biosciences  
Auditorium**

## ABOUT SEMINAR

Millets constitute an important source of nutrients for millions of people and play a vital role in ecological and economic security of India. The United Nations is celebrating 2023 as the International Year of Millets. Millets are considered as the sole crop that will handle critical challenges in the future such as food, fuel, malnutrition, health, and climate change. With India's growing malnutrition problem, there is a growing awareness of the need to move to a healthier, more accessible, and affordable diet that include millets. The seminar aims to create a platform for the students, faculties, and researchers to interact and exchange the information with the aim of promoting millets as superfood for food security, nutrition, and sustainable agriculture in India

## ABOUT SCHOOL

School of Food Science and Technology is a department of Mahatma Gandhi University to provide academic expertise to students in the areas of Food Science and Food Technology. The institute is aimed to develop and contribute skilled manpower to academic, food industries and health care sectors.
