

# Pre-Conference Workshop on **Data Management in Migration**

**05 December  
2024**

**Venue: School of International  
Relations and Politics  
Mahatma Gandhi University,  
Kottayam, Kerala**

The International Institute of Migration and Development (IIMAD), Centre for Migration Policy and Inclusive Governance (CMPIG), and Institute for Multi-Disciplinary Programmes in Social Sciences (IMPSS), Mahatma Gandhi University, Kerala are pleased to invite you to the **Pre-Conference Workshop on Data Management in Migration**, which will be held on December 5, 2024, at the School of International Relations and Politics, Mahatma Gandhi University, Kottayam, Kerala.

## About the Workshop

This workshop is designed to offer participants an in-depth understanding of key tools and methods for studying migration. Topics include the *Kerala Model of Migration Data*, *working with panel data on migration*, and *utilising SPSS (Statistical Package for the Social Sciences) for data management and analysis*. Tailored for researchers, academicians, and students, the session aims to enhance skills in handling quantitative data, performing statistical analyses, and effectively interpreting results.

## Workshop Highlights

Prominent experts will lead the workshop with extensive experience in quantitative research and SPSS tools

## Dr. S. Irudaya Rajan

A globally recognized migration expert, Dr. Rajan is the Chair of KNOMAD (World Bank Working Group on Internal Migration and Urbanization) and Founder Editor-in-Chief of Migration and Development. With 40+ years of academic experience, he has authored numerous publications on migration, demographics, and social policies.

## Dr. Sunitha S

A senior data analyst with over 15 years of experience, Dr. Sunitha specializes in international migration, ageing, and development. Her research contributions have been featured in various national and international journals.

## Dr. Anish Mathew

An SPSS expert and Assistant Professor at Ambedkar College of Arts and Science, Malappuram, Dr. Anish brings 15+ years of experience in data management and quantitative analysis.
