Motion of Commendation

The Academic Council of Mahatma Gandhi University takes great pride in commending the significant achievements and initiatives that highlight our institution's progress in education, research, entrepreneurship, collaboration, and numerous other domains.

Mahatma Gandhi University has made remarkable progress in the Times Higher Education World University Rankings for 2025, securing a position in the 401-500 rank band, a notable improvement from last year's 501-600 rank band. This achievement reflects the University's excellence in teaching and research, evaluated across 18 key performance indicators. The Academic Council extends its heartfelt commendation to the Honourable Vice Chancellor, Prof. (Dr.) C.T. Aravindakumar, and the entire University community for this outstanding accomplishment.

The Council also appreciates the successful coordination of the visit by the Honourable Chancellor of Mahatma Gandhi University and the Governor of the State, Rajendra Vishwanath Arlekar. This event was made possible through the diligent efforts of the Honourable Vice Chancellor, Syndicate members, faculty, and non-teaching staff.

In the Institutional Ranking Framework 2024 of the State Government, Mahatma Gandhi University secured third place in the university category, underscoring its

commitment to excellence. The Academic Council congratulates the Honourable Vice Chancellor and all contributors to this success.

The University has also earned international recognition for its pioneering role in higher education by becoming the first in the country to establish a unit of the University of the Third Age (U3A), an international organisation. The Mahatma Gandhi University U3A Unit will be presented as a model from India at the upcoming International Conference of the Association of International Universities of the Third Age, which will take place at Hong Kong Metropolitan University on March 31. A 22-member delegation, led by the Honourable Vice Chancellor, will participate in the conference. The Academic Council appreciates the leadership of the Vice Chancellor, U3A Director Dr. Tony K. Thomas, U3A members, and collaborators in this significant achievement.

Further contributing to the University's progress, the State Government has signed a Memorandum of Understanding (MoU) to establish a Centre of Excellence at Mahatma Gandhi University. This centre, operating under the State Higher Education Council, will focus on advancing research and initiatives in science, technology, and entrepreneurship. The Academic Council extends its gratitude to the State Government for this support and joins the University community in celebrating this important milestone.

In alignment with the State Government's Fourth 100-Day Action Plan, a FIFA-standard Natural Turf Floodlit Football Court was constructed at the Mahatma Gandhi University Stadium at a cost of Rs. 2.74 crore. The facility was inaugurated on October 22 by the Honourable Minister for Higher Education and Social Justice, Dr. R. Bindu. The Academic Council expresses its appreciation to the State Government for funding this project, which will enhance the University's sports infrastructure and benefit the wider Kottayam district. Special recognition is also given to the Honourable Vice Chancellor for his leadership in realising this project, as well as to Prof. (Dr.) Binu George Varghese, Head of the School of Physical Education and Sports Sciences, for coordinating the activities, and to all those involved in the successful organisation of the inaugural ceremony.

The University also acknowledges the appointment of Prof. Dr. Bismi Gopalakrishnan as the new Registrar of Mahatma Gandhi University on October 3. Prof. Bismi's exemplary contributions in various capacities—including as a Syndicate Member, Director of the School of Indian Legal Thought, Director of the Department of Lifelong Learning and Extension, and University Research Director—have earned her deep respect within the University community. The Academic Council extends its best wishes to her in her new role.

Prof. Sabu Thomas, former Vice Chancellor of Mahatma Gandhi University, Dr. M.S. Sreekala, Director of the School of Polymer Science and Technology, and Dr. E.K. Radhakrishnan, Director of the Business Innovation and Incubation Centre (BIIC), have once

again secured their places in the list of the world's top 2% scientists for 2024, as compiled by Stanford University (USA) and Elsevier (Netherlands). The Academic Council congratulates these distinguished scholars for this remarkable achievement.

Mahatma Gandhi University has also successfully published the results of the first-semester examinations of its four-year Honours degree programmes within three days of completion. This accomplishment reflects the University's ability to maintain high standards of excellence and efficiency, consistent with the expectations set during the preparatory phase of the State Government-led higher education reforms. The Academic Council acknowledges the Honourable Vice Chancellor, Dr. C.T. Aravindakumar, for his leadership, as well as the Syndicate members, Registrar, Controller of Examinations, Sub-committee Convenors of the Honours Degree Programme, College Managements, Principals, Faculty, Non-teaching Staff, and University Staff for their contributions in ensuring the timely publication of results.

In another groundbreaking development, the Bhabha Atomic Research Centre (BARC) is set to establish its first Advanced Knowledge and Rural Technology Implementation Centre (AKRUTI) in Kerala at Mahatma Gandhi University, following the signing of a Memorandum of Understanding on November 25. This initiative aims to make advanced scientific and technological innovations more accessible to the public, particularly benefiting rural development. The AKRUTI Centre will offer 12 cost-effective technologies related to agriculture, waste management, clean water supply, and food processing, with additional support for transforming these technologies into entrepreneurial ventures. The Academic Council appreciates the Honourable Vice Chancellor and Dr. E.K. Radhakrishnan, Head of the BIIC, for their leadership in bringing this initiative to fruition.

Mahatma Gandhi University has also strengthened its academic and research collaborations by signing MoUs with the Institute of Physics, Belgrade (IPB), Serbia, and the Centre for Water Resources Development and Management (CWRDM), Kozhikode. The Academic Council commends the Vice Chancellor and all involved for spearheading these partnerships and expresses optimism that they will lead to significant advancements in the University's academic and research landscape.

Researchers at the University have made remarkable strides in environmental sustainability, successfully developing a technology to generate electricity from coconut husk, a major source of environmental pollution. This breakthrough, achieved as part of Abin John Varghese's M.Tech research at the School of Energy Materials, has the potential to make a significant impact. The Academic Council extends its appreciation to Abin John Varghese, along with former Vice Chancellor Prof. Sabu Thomas, BIIC Director Dr. E.K. Radhakrishnan, School of Environmental Sciences Head Dr. Mahesh Mohan, and Dr. C. Chandana for their contributions to this research. The Council also remembers the late agricultural scientist Dr. C.A. Jayaprakash, who played a role in the research supervision.

The Digital Archive on Dakshayani Velayudhan, the only Dalit woman and youngest member of the Indian Constituent Assembly, was inaugurated on November 26 by Industries and Law Minister P. Rajeev at the School of Indian Legal Thought. This internationally acclaimed archive introduces her legacy to the new generation. The Academic Council commends Registrar Dr. Bismi Gopalakrishnan, Archives Coordinator Dr. P.M. Arathy, and their team for their efforts in creating this invaluable resource.

The Council also congratulates former Vice Chancellor and Director of the School of Nanoscience and Nanotechnology, Prof. Sabu Thomas, on receiving an Honorary Professorship from Satbayev University, Kazakhstan, and an Honorary Doctorate from Mines-Telecom Institute, France.

The School of Environmental Sciences at Mahatma Gandhi University has also initiated training for Kudumbashree women to harness the potential of drone technology in the agricultural sector. As the first to introduce drone training in the state and explore its new possibilities, the Academic Council appreciates School Head Dr. Mahesh Mohan and his team for their leadership in this initiative.

In response to the overwhelming demand for online learning, the Centre for Distance and Online Education (CDOE) is expanding its offerings, launching new online programmes. Admissions are now open for B.Com Honours and M.A. English Language and Literature, with more programmes set to launch soon. The Academic Council appreciates CDOE
