Professor of Eminence

Advertisement for Project Associate- I Position

We invite applications for a short term position of **Project Associate I**, in the Indo-France joint project funded by the CEFIPRA at the SNSNT of the MG University. The project is related to development large area Perovskite Single crystalline Solar cells.

Roles and Responsibilities:

The Project Associate (grade-1) is expected to develop techniques for the highly challenging objective of growing large area thin single crystalline Perovskite wafers. There will also be duties associated with the implementation of the project including data analysis, basic modelling works related to crystal growth, travel to the collaborating institutions, preparation of the work reports, maintenance of project accounts etc.

Required Qualifications and Remuneration

MSc /Integrated MSc in Physics/Chemistry/Materials Science/Nanoscience or technology OR BE/BTech in Materials Science/Engineering Physics/Instrumentation / Mechanical or Electronics OR any equivalent qualifications duly recognized as per the functional requirement of the Project.

Age limit : 35 years

Monthly Emoluments

Rs. **31,000 + HRA** for CSIR-UGCNET or GATE qualified candidates and **Rs. 25000 + HRA** for those without these credentials.

Applications on white paper with brief CV highlighting the required qualifications if any can be submitted to the Project Investigator, Prof. Predeep Padmanabhan, Professor of Eminence, SNSNT, MG University through e- mail to the following mail id: PREDEEP@MGU.AC.IN

Application deadline: June 10, 2025, 5 pm
