Scheme for Promotion of Academic and Research Collaboration

7th INTERNATIONAL CONFERENCE ON WATER: FROM POLLUTION TO PURIFICATION (ICW 2026)

(SPARC Sponsored)

Convergence Academia Complex
Mahatma Gandhi University, Kottayam,
Kerala, India

December 4 - 7, 2026

Organized by

Mahatma Gandhi University
Kerala, India

Cochin University of
Science and Technology,
Kerala, India

Norwegian University
of Life Sciences
Norway

University of Oulu
Finland

LIST OF SPEAKERS (Incomplete list)

Roland Kallenborn
Norwegian University of Life
Sciences, Norway

Arja Rautio
University of Oulu
Finland

Anastasia Penkova
St. Petersburg State
University, Russia

Sébastien Sauvé
Université de Montreal
Canada

Grzegorz Boczkaj
Gdansk University of
Technology, Poland

Kevin McGuigan
Royal College of
Surgeons, Ireland

Muthukumar M.
Central University
of Kerala, India

Manoj P. Samuel
CIFT, Kochi
India

Saranya Palaniswamy
University of Oulu
Finland

Massimo Del Bubba
University of Florence
Italy

Vitor J.P. Vilar
University of Porto
Portugal

S. Anbazhagi
Central University
of Kerala, India

Renato Falcão Dantas
University of Campinas
Brazil

Halan Prakash
BITS - Pilani
India

Magali Houde
Environment and climatic
change, Montreal, Canada

Viet Van Pham
HUTECH, University
Vietnam

Suresh C. Pillai
Atlantic Technological
University, Ireland

Ramaswamy Babu R.
Bharathidasan
University, India

Marilia Dmitrenko
St Petersburg University
Russia

Nidheesh P V
CSIR-NEERI
Nagpur, India

Anand Krishnan
Plappally
IIT-Jodhpur, India

Focus Areas

1

Water Pollution

Agricultural, Industrial & Domestic

Emerging Pollutants (Pesticides, Pharmaceuticals & Personal Care, Nanoparticles, etc.)

Heavy metals, Mycotoxins, Nano and Microplastics, ARBs, ARGs, Plasticizers, Ionic contaminants, etc.

Water pollution indicators (Chemical, Physical, Biological, Composite Organic, etc.)

Sensors

Radioactive materials

Climatic impacts and Public health

Hydrogeology

4

Water Related Policies and Regulations

Policies, guidelines and regulations for sustainable water management and protection.

2

Polar Studies

Water/Air Related Issues in Polar Region (Arctic & Antarctic)

3

Water Treatment Technologies

Absorption

Air stripping

Chemical Oxidation and Reduction

Advanced Oxidation Processes (AOPs)

Filtration

Membrane Separation

Ion Exchange

Metal Sequestration

Phyto and Bioremediation

Advanced Materials

Domestic and Community based solutions (PoU, Water Harvesting, Ponds, etc.)

CALL FOR ABSTRACT

ICW 2026 features plenary lectures, invited lectures, posters and oral presentations. A young investigator's session is also included. One-page abstracts of the respective presentations are requested. Participants can also attend the conference without submitting an abstract.

INTERNATIONAL ADVISORY COMMITTEE

- Yoram Oren, Ben-Gurion, Israel
- Bart Van der Bruggen, Belgium
- Annika Jahnke, Germany
- Mark Weisner, North Carolina, USA
- Mick Whelan, Leicester, UK
- Lee D. Wilson, Saskatchewan, Canada
- B.S.M. Rao, Pune, India
- Roland Kallenborn, Oslo, Norway
- Rahul Banerjee, Kolkata, India
- Mehmet Oturan, Paris, France
- OlfaMahjoub, Tunisia
- Renato F. Dantas, Campinas, Brazil
- Suresh C. Pillai, Siligo, Ireland
- Grzegorz Boczkaj, Gdansk, Poland
- Anand K. Phapally, Jodhpur, India
- Anastasia Penkova, Russia
- Regina de Fatima Parachia Muniz Moreira, Brazil

Special Issue

Environmental Science
and Pollution Research

Springer
